1. *Resolved*, That in the success with which efforts in the Foreign Missionary field have been crowned during the year, there is much occasion for devout thanksgiving to the great Head of the Church, and for an increase in our faith in the blessed promise given in connection with the missionary commission of the Church: "Lo, I am with you always, even unto the end of the world."

2. *Resolved*, That the Assembly heartily approve of the manner in which the Board, the Executive Committee and officers, to whom the management of the Foreign Missionary operations of our Church have been committed, have conducted those operations during the year.

3. *Resolved*, That in the multiplied openings for missionary labours, which God, in his providence, has made during the past year, as well as in the blessings with which he has crowned our efforts as a Church, the Assembly recognize the obligations laid upon the Church for an increase, both of the number of the men and the amount of the means devoted to this work.

4. *Resolved*, That the Assembly would earnestly commend this whole subject of an increase, both of missionaries and missionary funds, to the careful and prayerful consideration of the pastors and sessions of all our churches, that they may adopt such measures as, in their judgment, will best secure the attention, awaken the Christian sympathies, and call forth the cheerful and liberal contributions of all the members of their respective churches.

An Overture from the Presbytery of Cedar, respecting the translation of our standards into the German language, was referred to the same Committee.

On motion, the second order of the day was suspended, to give Dr. Adger, from the Committee on the Board of Domestic Missions, an opportunity to present a report, which was read and adopted, and is as follows, viz:

The Committee on the Report of the Board of Domestic Missions have carefully considered the matter of the Assembly's Church in Washington City. In various parts of the country, misconceptions of the plan have attached themselves to it. Rightfully understood, your committee are perfectly satisfied that it has strong claims upon our friendly regard. But we are not called on to consider the subject as an original question. The Assembly is committed, and your committee unanimously recommend that in this matter we "take no step backwards." Were there no other considerations forbidding us to falter, the effects of such a course upon the interests and influence of our brethren in Washington, would be enough. They tell us in their memorial, and no doubt they tell us well, "the project came to us from abroad. We appreciate the kindness of the movement, but it will be for our deep injury if not efficiently executed. It was a step which once taken can never safely be delayed. Our character is largely at stake. It is now to be seen whether in this capital we represent a Church hasty in resolving, but feeble in action, or one which wisely counts the cost, and unflinchingly executes its plans."

With reference to the best way of accomplishing what we have commenced, your committee are perfectly aware that this Assembly cannot compel any action on the part of our Presbyteries or churches. The General Assembly can only plead with some the intrinsic merits of the plan, rightly understood, and with others that they should lay aside every objection that is not a pure matter of conscience and of principle, and come forward to relieve this body from the embarrassments that surround it.

The Committee accordingly recommend the following:

Resolved, 1. That the Church Extension Committee of the City of Washington, appointed by the Presbytery of Baltimore, be requested by this Assembly to continue to act, with the addition of the Rev. Messrs. Gurley and Henry as members of the same.

Resolved, 2. That the papers presented to this Assembly on this subject, to wit, the memorial of ministers in Washington, Georgetown, and Alexandria, the memorial of the Presbytery of Baltimore, and the report of the

Church Extension Committee of the City of Washington, be appended to the Minutes of this Assembly.

Resolved, 3. That this Assembly appoint one minister or elder in every Presbytery, to whom, as to a beloved son, this body will commit the charge of this business in the bounds of the several Presbyteries; that these ministers or elders be requested to adopt any plan which they in their wisdom may deem best for the speedy completion of this work; that they be requested, as far as possible, to carry this effort into every particular congregation, however small or feeble; and that they be requested to report as soon as possible, and remit the funds collected to Charles Stott, Esq., Treasurer of the Church Extension Committee of the City of Washington, or to Samuel D. Powel, of Philadelphia, Treasurer of the Board of Missions.

Resolved, 4. That all our Presbyteries be requested to take measures, at their fall sessions, to carry out the wishes of this body as above expressed, in all cases of failure from whatever cause.

On behalf of the Committee,

JOHN B. ADGER, *Chairman.*

The second order of the day was then taken up, viz., the Report of the Committee on Theological Seminaries in relation to the Seminary at Danville. The question being on the adoption of this report, Dr. McMaster offered the following amendment,

Provided, That it is expressly understood, that nothing in the action of the General Assembly in relation to the Danville Seminary, is intended in any way to interfere with the Theological Seminary at New Albany; or with any of the Synods which shall continue to be united in the support and control of that Institution; or the churches under the care of such Synods.

This paper was discussed till the hour of adjournment.

The Rev. A. Eldridge, from the General Association of Massachusetts, took leave of the Assembly, with parting salutations returned in a brief address by the Moderator.

The Assembly then adjourned till 3½ o'clock, P. M.

Closed with prayer.

WEDNESDAY Afternoon.

The Assembly met, and was opened with prayer.

The Minutes of yesterday were read and approved.

Mr. White, from the Committee to nominate delegates to Corresponding Bodies, reported in part. This report was recommitted; and, on motion, a resolution proposing to suspend correspondence with the German Reformed Church was referred to the same Committee.

The order of the day, to hear reports from the Committees on Synodical Records, was postponed, and the unfinished business, the report on the Seminary at Danville, was resumed; Dr. MacMaster having the floor, in support of his amendment.

The discussion was continued by Dr. Breckinridge, till the hour of adjournment, when the Assembly adjourned, to meet to-morrow morning at 9 o'clock. Closed with prayer.

THURSDAY Morning, May 25.

The Assembly met, and was opened with singing, reading the Scriptures, and prayer.

The Minutes of yesterday were read and approved.

A communication from the Rev. Dr. Joseph H. Jones, on behalf of "The Corporation for relief of poor and distressed Presbyterian Ministers, and of the poor and distressed widows and children of Presbyterian Ministers," was read, and made the order of the day for Monday next, at 11 o'clock, A. M.

Dr. Hall, from the standing Committee on the Board of Education, reported; and the report was accepted, and made the order of the day for Monday next, at 10 o'clock, A. M.

The Committee on the Board of Foreign Missions, recommended that the resolution referred to them, respecting a mission to Palestine, be referred to the Board of Foreign Missions—the Assembly expressing no opinion thereon. This was adopted, and the resolution is as follows:

Resolved, That the Assembly recommend to the Board of Foreign

Missions, the establishment of a mission within the limits of Palestine, as soon as it shall deem such an enterprise practicable.

The Committee to nominate delegates to Corresponding Bodies, reported the following, who, on motion, were accordingly appointed; viz.

To the General Association of Connecticut—Rev. Wm. S. Plumer; or Rev. A. A. Porter.

To the Evangelical Consociation of Rhode Island—Rev. D. X. Junkin, or Rev. H. M. Painter.

To the General Association of Massachusetts—Rev. Stuart Robinson, or Rev. John H. Legget.

To the General Association of Vermont—Rev. William Cox, or Rev. A. R. Banks.

To the General Association of New Hampshire—Rev. T. L. Janeway, or Rev. E. E. Seeley.

To the General Conference of Maine—Rev. Samuel M. Hamill, or Rev. S. C. Logan.

To the General Synod of the Reformed Dutch Church—Rev. John M. Krebs, or Rev. M. T. Adams.

The Committee further reported to the House, for serious consideration, the resolution referred to them respecting our correspondence with the German Reformed Church, and which is as follows:

Resolved, That without intending to deny, as a general principle, governing their correspondence with sister Churches, that the formally acknowledged creeds and symbols of faith are to be taken as a true representation of the doctrinal views of the ministers and people of any branch of the Church of Christ, in the official action of this Assembly in relation to them: yet, in view of the peculiar position of the General Synod of the German Reformed Church toward the Theological Seminary at Mercersburgh, whose Professors, we are pained to witness, have so notoriously become antagonistic to Protestantism; and lest a continuance of our correspondence might be understood as countenancing the fundamental errors which they are labouring to disseminate; and lest we be regarded as disapproving the course of those in that communion who have so nobly contended against them—a respectable number of whom, we learn, have wholly withdrawn from the General Synod, on account of the alarming prevalence of these errors in that body: therefore, this General Assembly will suspend its correspondence with the General Synod of the German Reformed Church, and decline sending a delegate to that body.

This part of the report was put on the docket.

The following resolution was moved by Dr. Edgar, and unanimously adopted; viz.

Resolved, That a copy of the discourse delivered by the Rev. Dr. Spring, on the evening of the 24th of May, on the subject of Domestic Missions, be requested by this Assembly for publication; and that, to this end, it be referred to the Board of Missions.

The order of the day for 10 o'clock was then taken up—the Report of the Committee on Finance—which was read and adopted, and is as follows, viz.

To the General Assembly of the Presbyterian Church in the United States of America:

The Committee on Finance, to whom the Reports of the Treasurer of the Trustees, and of the Board of Trustees of the General Assembly, and the memorial of members of the Committee on Finance of 1852, were referred, respectfully report, that they have examined the Report of the Treasurer for the year past, and find the same correctly stated from the Treasurer's books, and recommend that it be approved.

The whole financial affairs of the Board of Trustees have been thoroughly investigated twice within three years; first, by an able special committee appointed by the General Assembly in 1851, who reported in 1852; and again by an able special committee of the Board of Trustees, whose report is presented to the present General Assembly. Both committees have thoroughly explored the sources of financial information, from the commencement of the funds and accounts; have expended months of faithful labour with untiring perseverance, to furnish all the intelligence it was possible to glean from books and papers, and have performed a work of exceeding value and importance to the interests of the General Assembly. It is but just that these labours, both of the special committee of 1852, and the committee of the Board, prompted by love to Zion and her interests, should be gratefully acknowledged by the General Assembly.

Your committee recommend that the losses sustained heretofore by the trust funds, be repaired; and that a special committee be appointed by the General Assembly for that purpose.

The principle of averaging the losses that have heretofore occurred, between the several trusts represented in the common fund invested at the time the losses occurred, seems to your committee, under the circumstances set forth in the Report of the Board of Trustees, equitable; but in future, this committee recommend that there be endorsed on each security held, a distinct designation of the particular trust or trusts to which it belongs, so that any future losses shall fall upon the trust or trusts interested in the investment.

The Report of the Board of Trustees is reported to the General Assembly, with the recommendation that the following resolutions be adopted:

1. *Resolved*, That the Report of the Board of Trustees is approved, and it is recommended by the General Assembly to the Board of Trustees to open a new set of books in accordance with the Report of the Board, and to cause hereafter a distinct account of each trust fund, to be kept therein.

2. *Resolved*, That (unless the authors of the fund otherwise specially direct) any investment may cover more than one trust, at the discretion of the Board of Trustees, *provided* the amount of the interest of each trust in the investment shall be indorsed on the mortgage or ground-rent; so that hereafter, in case of loss, the same may be charged to the account of the trust or trusts interested in the security.

3. *Resolved*, That so much of the direction of the General Assembly of 1852 to the Board of Trustees as implied that each trust must be separately invested, be rescinded.

4. *Resolved*, That a copy of these resolutions be furnished by the Stated Clerk to the Board of Trustees, and that the reports of the Treasurer, and of the Board of Trustees, with the memorial of members of the Committee on Finance of 1852, referred to this Committee, be printed in the Appendix to the Minutes of the present General Assembly.

The special Committee recommended in the foregoing report, was accordingly appointed, and consists of Messrs. Cortlandt Van Rensselaer, John C. Backus, Kensey Johns, Stacy G. Potts, R. L. Stuart, and James N. Dickson.

It was then

Resolved, That the thanks of the Assembly be given to the two committees referred to in this report, and their chairmen respectively, the Hon. Stacy G. Potts, and the Hon. Kensey Johns, for their time, labour, and skill in preparing their reports on the finances of the Assembly, and that the Clerk send them a copy of this resolution.

A memorial from the Directors of the Western Theological Seminary, and

others, relating to the nomination reported by the Directors of the Seminary at Princeton, was read, and referred to the Committee on Theological Seminaries.

The unfinished business, respecting the report on the Seminary at Danville, was then resumed, Dr. Breckinridge having the floor, who continued the discussion till the hour of adjournment. The House refusing to adjourn at the appointed time, the remarks of Dr. Breckinridge were concluded.

The Assembly then adjourned, to meet this afternoon at 3½ o'clock.

Closed with prayer.

The report of the committee in relation to the Seminary at Danville, was then adopted.

The order of the day for 5 o'clock was now taken up—to appoint the time and place of meeting of the next General Assembly. It was ordered that a majority of all the votes cast should be necessary to a choice of the place. care of the Assembly, to a Board of Directors or Electors, appointed by the Assembly; and are of opinion, that in the present stage of the sessions of this Assembly, and the present state of its business, the questions involved in this overture cannot receive mature consideration, and recommend that no further action be taken with regard to this subject.

The standing committee on the Board of Education would respectfully report that they have considered the Annual Report of the said Board, and would recommend to the Assembly the adoption of the following resolutions:

1. *Resolved*, That in view of the greatness of the office of the Christian ministry, in its origin, its work, and its necessity in the divine economy of salvation, the diminution of candidates in our own and in other evangelical Churches for several years past, is deeply to be deplored, especially as the signs of the times at home and abroad indicate an increased necessity for a greater number of wise, devoted, and amply qualified ministers; and that this necessity is a providential enforcement upon the Church of the injunction of her Great Head to pray—to pray in private and in the sanctuary—to pray habitually that the Lord of the harvest will send forth labourers into the harvest.

2. *Resolved*, That the increase of new candidates during the past year demands our gratitude to God, who alone is able to turn the hearts of the sons of the Church from secular pursuits to the self-denying labour of preaching Christ and him crucified.

3. *Resolved*, That the Assembly, in view of the hopeful signs of increase in the number of candidates, enjoin upon Presbyteries the exercise of great vigilance to guard against the introduction of the unworthy to a course of preparation for the sacred office, while at the same time they make earnest efforts to enlarge the ministerial resources of our Church.

4. *Resolved*, That the Assembly approve of the recommendation of the Board, to increase appropriations to candidates, so that those in the academical course shall receive $80, those in the collegiate course $100, and those in the theological course $120, with liberty, in special cases, of increasing the appropriations on the recommendation of Presbyteries.

5. *Resolved*, That the Assembly regard Christian training at all periods of youth, and by all practicable methods, especially by parents at home, by teachers in institutions of learning, and by pastors through catechetical and Bible-classes, as binding upon the Church, according to the injunction, "Train up a child in the way he should go," and as having a vital connection with the increase of the numbers and efficiency of the ministry, and of the stability and purity of the Church.

6. *Resolved*, That the efforts of the Presbyterian Church in behalf of schools, academies, and colleges, on a definite religious basis, and under her own care, have met with a success, important in present results, and hopeful for the future, and that these operations deserve to be continued and enlarged, with entire friendliness to all other educational efforts, not positively injurious in their tendency; and especially that institutions under the management of members of our own Church, either privately or in corporations not subject to ecclesiastical supervision, in which religion is duly inculcated, ought to be regarded as entitled to confidence.

7. *Resolved*, That the General Assembly (by affirming the Church to be one of the parties in education, and by acting on that principle, in accordance with the practice of all the Reformed Churches) has never denied the importance of State co-operation in this great work, however defective it may be in some parts of the country; but, on the contrary, rejoices in the general enlightenment of the masses under the public school system, and hopes that all Presbyterians, besides supporting their own institutions, will continue, as heretofore, to be known as the true friends of general education throughout the country, and as the advocates of the Bible in common schools.

8. *Resolved*, That the mode of conducting the operations of the Board on their enlarged scale, be referred to the Board itself, to take such action as shall prevent either department interfering with the other, and as may continue to keep prominently before the churches the education of pious and indigent young men for the gospel ministry.

9. *Resolved*, That the last Thursday of February next be recommended as a day of special prayer for the outpouring of God's Spirit on the churches, and of public instruction on Christian education, especially with reference to the necessity of an enlargement of the ministerial resources of the Church.

The Committee on Bills and Overtures reported

Overture No. 13, from the Presbytery of New Brunswick, asking for the appointment of a special committee on the principles and policy of the Board of Education, to report to the next General Assembly.

The Committee offered a Minute to the effect that it is deemed unnecessary, at the present time, to raise a special committee on this subject; and it was on motion,

Resolved, That in view of the action just taken, adopting the report from the Committee on the Board of Education, no further action be taken on the subject by this Assembly.

The result of the election for Professors in the Seminaries at Princeton and Danville was then announced by the Moderator. It appeared that Alexander T. McGill, D.D., was duly chosen to the Professorship of Pastoral Theology, Church Government, and the Composition and Delivery of Sermons, in the Seminary at Princeton; and that the Rev. John N. Waddell, D. D., was duly chosen to the Professorship of the same title in the Seminary at Danville.

Drs. Spring and Musgrave, and Mr. Holmes were appointed a Committee to inform Professor McGill of his election. Drs. Edgar and McMullen, and Mr. Palmore were appointed a Committee to inform Dr. Waddell of his election.

On motion, it was ordered that the salary of the Professor elect to the Seminary at Princeton be the same as that of the other Professors.

The Committee on Bills and Overtures reported

Overture No. 14. The communication of the Rev. H. Connelly, accom-

panied with a copy of his book; also a communication from the Rev. Messrs. Joseph Claybaugh, James Prestley, and David R. Kerr, a Committee on behalf of the General Synod of the Associate Reformed Church in the West, inviting this Assembly to co-operate with them in obtaining an improved version of the Book of Psalms, adapted to the wants of the various Presbyterian bodies in our country, accompanied with a statement of the principle to be observed in making such version; the Committee having been satisfied, on an examination of these principles, that a book of Psalmody, prepared in view of them, would not meet the wants of our Church, recommend the resolution, that although the General Assembly recognizes the right of our churches and members to use the version of Psalms commonly called Rouse's, if they prefer it, yet it respectfully declines the invitation to co-operate in the projected work, while it desires, at the same time, to express the strongest sentiments of fraternal affection for the brethren of the Associate Reformed Church of the West, and pray that the Great Head of the Church may ever guide and bless them, and prosper them in the work committed to their hands. Adopted.

On motion it was ordered, that the unfinished business, Judicial Case No. 2, should take precedence of the order of the day for this afternoon.

The Assembly then adjourned, to meet at 3 o'clock P. M.

Closed with prayer.

MONDAY AFTERNOON.

The Assembly met, and was opened with prayer.

The Committee on the Records of the Synod of Georgia reported, recommending that they be approved. The report was adopted.

Judicial Case No. 2 was then resumed, and conducted according to the book till the case was concluded. The complaint of the Wooster church and James H. Baird, against the Synod of Ohio, was sustained, the final vote being 126 to sustain, 6 to sustain in part, and 40 not to sustain. Drs. Hodge, MacMaster, and McLean, and Messrs. Lincoln Clarke and George T. Swann, were appointed a Committee to prepare a minute expressing the sense of the House.

On motion, Overture No. 7, respecting Judicial Commissions, was then taken up, and discussed till the hour of adjournment.

It was made the order of the day for 10½ o'clock this morning, to hear the report from the Committee on the Board of Domestic Missions.

It was made the next order of the day for this morning, to take up the report on Overture No. 8, respecting a division of the Synod of Pittsburgh.

Next to this business, it was ordered that reports of the Committees on Synodical Records be called for.

The Committee appointed to prepare a minute expressing the sense of the Assembly with reference to Judicial Case No. 2, the complaint of the session of Wooster church and James H. Baird, against the Synod of Ohio, recommended the following, which was adopted, viz:

Whereas, It appears from the record, that Dr. Day was removed from the session of the church of Wooster by his own resignation of his office in that church, and not by the judicial action of the session, it was not competent to the Presbytery to order his restoration to office by the session; and therefore the judgment of the Synod of Ohio, confirming such action of the Presbytery, was erroneous, and ought to be and is hereby reversed, and the complaint of the session, so far as it relates to this point, is sustained.

The Committee appointed to inform Professor McGill of his election to the vacant Professorship at Princeton, reported the following correspondence, viz:

BUFFALO, May 29, 1854.

To the Rev. Alexander T. McGill, D. D.

Dear Sir—The undersigned were appointed by the General Assembly of the Presbyterian Church to inform you of your election by that body to the chair of Church Government, Pastoral Theology, and the Composition and Delivery of Sermons, in the Theological Seminary at Princeton. It affords us great pleasure to announce to you an appointment so harmoniously secured, and personally so gratifying to ourselves.

We trust that the God of Zion will graciously direct you in your decision, and incline your heart to this new sphere of labour. The only considerations we will now urge, in favour of a prompt and affirmative reply to this appointment, are the importance of the office, and the qualifications of the candidate.

We are, beloved and respected brother, your friends and brethren,

GARDINER SPRING,
G. W. MUSGRAVE,
SILAS HOLMES.

BUFFALO, *Tuesday Morning*, May 30, 1854.

To the Rev. Drs. Gardiner Spring and G. W. Musgrave, and Mr. Silas Holmes, Committee, &c.

Dear Brethren—Your courteous note of yesterday is acknowledged with deep sensibility.

I thank my brethren of this Assembly, and of former Assemblies, for the confidence with which they entrust to me the great responsibility of bearing a part in theological instruction.

The unity of our Church, and the fraternal love with which different localities are represented in the General Assembly, authorize me to believe that no transference of my service which the Assembly is pleased to order, will abate the kind indulgence and constant prayer on my behalf, without which I could not hope to justify their confidence.

I therefore accept the position now offered to me, with purpose to enter on its labours as early as the circumstances of my relation to the Western Theological Seminary will warrant me to withdraw from that cherished Institution.

Very respectfully and affectionately yours,

ALEXANDER T. MCGILL.

On motion, it was made the order of the day for 3 o'clock this afternoon to elect a Professor for the Western Theological Seminary.

The unfinished business, Overture No. 7, respecting Judicial Commissions, was then taken up: a substitute for the report of the Committee, as an overture, to be sent down to the Presbyteries, was moved, and discussed till the hour appointed for hearing the report from the Committee on the Board of Domestic Missions. This report was accordingly presented and read by Dr. Adger. After extended discussion, it was amended and adopted, and is as follows, viz:

The Committee on the Report of the Board of Domestic Missions have unanimously agreed to recommend to the General Assembly the following resolutions:

1. *Resolved*, That considering the present and prospective population of our country, and the influence it seems destined to exert on all the nations, as set forth in the report of our Board, the work of Domestic Missions, which the Assembly has committed to that Board, is exceeded in its importance and magnitude by no other interest of our Church.

2. *Resolved*, That this Assembly expresses its approbation of the diligent and faithful execution on the part of our Board and its officers of their important trusts, and its thankfulness to God for the measure of success which he has been pleased to vouchsafe to them.

3. *Resolved*, That this Assembly deplores the fact presented in this report, that while our Church is not only increasing in wealth, but is steadily developing itself by an increase of members, churches, ministers, Presbyteries, and Synods, there is yet no commensurate increase in her Domestic Missionary efforts, as evidenced by the circumstance that the average annual increase of contributions for this object through our Board during the past four years is only $1913, but during the ten years which preceded the past four years, it was $2692, and the circumstance that we now have actually forty-seven Domestic Missionaries less than we had four years ago.

4. *Resolved*, That in connection with this discouraging view of the past four years, taken into comparison with the preceding ten, the Assembly would record with devout gratitude, that during the year just closed, there has been an increase of the regular church contributions to this cause,

amounting to $6000, and would express the hope that this regular flow of the charities of our churches may henceforth never know an ebb.

5. *Resolved*, That this Assembly would express their special approbation of the earnest appeals made in this report by the Board to our Presbyteries, in favour of more vigilant and energetic Presbyterial action in behalf of Domestic Missions.

6. *Resolved*, That this Assembly, whilst deprecating any wasteful or unnecessary expenditure of Domestic Missionary funds, would express particular approval of the conduct of the Board in increasing as they have done the salaries of missionaries in the field. The Assembly would express further the assurance that the Board may proceed to a much larger increase in the allowance to their missionaries, fully relying on the justice and liberality of our people to supply the Board with such an increase of means as will enable it to lessen, to some extent, the privations now endured by our brethren; and while the Assembly express thus decidedly their view of the duty of the Board, they would most earnestly exhort the churches to greatly increased exertions to meet the increased demands on the funds of the Board which must result from any attempt to do justice to our missionary brethren.

7. *Resolved*, That it be recommended to the Board of Missions to encourage, as far as possible, the organization of the missionary field into districts, embracing several points of labour, with a view to adapting the system to the work of pioneering by an itinerant ministry.

8. *Resolved*, That it be recommended to the Presbyteries to encourage more and more the union of several small congregations in the support of one pastor, which, separately, are unable of themselves to sustain a minister, with a view to the more efficient support of the ordinances of God among them, with less expense to the missionary fund.

9. *Resolved*, That the following named ministers and ruling elders be appointed to fill the vacancies reported in the Board of Domestic Missions.

MINISTERS.	RULING ELDERS.
W. S. Plumer,	W. C. Brooks,
James Hoge,	M. Newkirk,
C. W. Shields,	W. S. Martien,
J. J. Janeway,	G. Brown,
John Gray,	J. M. Harper,
J. B. Spotswood,	J. N. Dickson,
F. McFarlane,	J. D. Williams,
S. J. P. Anderson,	J. Cooper,
D. Magie,	Paul T. Jones.
J. H. Jones,	
L. J. Halsey,	
J. C. Young,	
J. W. Alexander,	
A. Macklin,	
D. McKinney.	

10. *Resolved*, That Rev. Dr. R. J. Breckinridge be appointed to preach the next annual sermon before the Assembly, and that the Rev. John A. McClung be his alternate.

The Committee submitted two further reports, one from a majority, the other from a minority, relating to the mode of conducting Church Extension.

A motion was made to adopt the report of the majority, and another was made to lay this motion on the table.

Before this motion was put to the House, the Assembly adjourned till 3 o'clock this afternoon.

Closed with prayer.

TUESDAY AFTERNOON.

The Assembly met, and was opened with prayer.

The Judicial Committee reported

Judicial Case No. 3. The appeal and complaint of G. A. Hotchkiss against the Synod of Indiana. The Committee reported that the papers appear to be in order, and recommended that the Assembly appoint some member to manage the case in behalf of the appellant. Mr. Robinson was appointed accordingly, and the case was put on the docket.

Judicial Case No. 4. The appeal and petition of Wm. M. Lively against the Synod of New York. The Committee reported that they have no evidence that the steps prescribed by the Book of Discipline have been complied with, in relation to the notice of an intention to appeal; and recommend that the case be dismissed, and the papers be returned. The report was adopted.

The unfinished business was resumed—the reports from the majority and minority, respectively, of the Committee on the Board of Domestic Missions, in relation to the mode of conducting Church Extension.

The motion to lay on the table a motion to adopt the report of the majority was withdrawn; and it was moved and carried, to lay both reports on the table, and to refer the whole subject of Church Extension to the Board of Missions.

The order of the day was then taken up—to elect a Professor for the Western Theological Seminary. Messrs. Burwell and Turnbull were appointed tellers.

Overture No. 8—Papers in relation to a division of the Synod of Pittsburgh—was then taken up. The papers were read, and the matter was discussed at length, when the previous question was called, and the petition of the Synod was granted; which petition is as follows:

"*Resolved*, That the next General Assembly of the Presbyterian Church in the United States, be petitioned to erect a new Synod, embracing that part of the Synod of Pittsburgh which lies west and north of the Allegheny and Ohio rivers; and in case it shall erect the new Synod for which this Synod asks, to call it by the name of the 'Synod of Allegheny,' and to appoint its first meeting to be held in the First Church, City of Allegheny, at the same time at which the Synod of Pittsburgh shall hold its next meeting; to be opened with a sermon by the Rev. William Annan, who shall preside until the election of a Moderator."

The Moderator announced, as the result of the election for a Professor in the Western Theological Seminary, that the Rev. Wm. S. Plumer, D. D., was duly chosen.

Messrs. L. R. McAboy, Stuart Robinson, and James Schoonmaker, were appointed a Committee to inform Dr. Plumer of his election.

The following resolution, moved by Mr. Brownson, was then adopted.

Resolved, That should the Professor elect accept, the Board of Directors of this Seminary, in connection with the Professors, be authorized to make such an adjustment of the departments of instruction as to them may seem best; provided, that the rights of each Professor be duly regarded, and that any changes adopted shall be reported to the next Assembly, for approval and sanction.

On motion of Mr. McAboy, it was

Resolved, That in view of the division of the Synod of Pittsburgh, it be

recommended to the said Synod, that a just and equitable representation be allowed to the new Synod of Allegheny, in the management and control of the affairs of the Board of Colportage of the Synod of Pittsburgh, in which heretofore, as members of the same body, they have been joint stockholders.

The House then proceeded to call for reports on Synodical Records.

The Records of Albany, New York, New Jersey, Philadelphia, Wheeling, Ohio, Indiana, and Iowa, were approved, without exceptions.

The Records of Pittsburgh were approved, with exception of the action, against which a dissent is entered, on page 159, and signed by A. T. McGill, L. R. McAboy, and others.

The Records of Northern Indiana were approved, with the following exceptions, viz:

1. On page 160, the Record is defective, in that the exceptions taken to the Records of the Presbyteries of Fort Wayne and Crawfordsville, are not spread upon the Records of Synod.

2. Of four judicial cases issued, the Records do not show that the house was charged, as is required by the Book, in judicial cases.

The Records of Illinois were approved, with the exception that in mentioning the action of Synod on a certain overture, the title and character of that overture was not mentioned.

The Records of Buffalo, Cincinnati, Wisconsin, and Missouri, not having been brought up to the Assembly, the Committees appointed to receive them, respectively, were discharged.

The Records of Kentucky were before the House, with the report of the Committee, when the hour of adjournment arrived.

Before the Assembly adjourned, the following resolution was, on motion of Dr. Hodge, adopted, viz:

Whereas, It appears from the Report of the Board of Missions, that very inadequate efforts have hitherto been made in reference to the work of Church Extension, the Assembly would earnestly enjoin on the Board to take the most efficient measures to awaken more interest in the churches on this subject, and to secure its vigorous prosecution.

The Assembly then adjourned, to meet this evening at 8 o'clock.

Closed with prayer.

TUESDAY EVENING.

The Assembly met, and was opened with a prayer by the Moderator, having special reference to the church of the Vaudois, (Waldenses,) in accordance with a request transmitted from the Moderator of their Synod.

On motion, the report of the Committee on Systematic Benevolence was taken up, and a resolution, moved by Mr. Robinson, was embodied in the series, and the resolutions are as follows, viz:

1. *Resolved*, That this Assembly hereby enjoin upon the pastors of our churches to give greater prominence, in the ministration of the word, to the doctrine of the Scripture, as interpreted and set forth in our standards, (more particularly in Chap. XXVI. Sec. 2, of the Confession of Faith; in Question 141 of the Larger Catechism; in Chap. VII. of the Form of Government, and in Chap. IV. Sec. 5, of the Directory for Worship,) viz: that "Saints, by profession, are bound to maintain an holy fellowship and communion in relieving each other in outward things, according to their several abilities and necessities, which communion, as God offereth opportunity, is to be extended unto all those who in every place call upon the Lord Jesus," "giving and lending freely according to their abilities;" and, in conformity to this doctrine, recognizing as one of the ordinances established by Christ,

in connection with the sermon, prayer, and praise, "a collection raised for the poor and other purposes of the Church."

2. *Resolved*, That the Presbyteries which have not anticipated the provisions of this action of the Assembly are most earnestly and affectionately enjoined, 1st. At their meetings following the rising of this Assembly, to take order that the ministers and church sessions in their bounds shall be directed to adopt some practicable method by which an opportunity shall be afforded, and an invitation given, to all the members of their congregations to contribute regularly to the objects of Christian benevolence recognized by the Assembly in the organization of the Boards of the Church, and to such other institutions as to them may seem right. 2d. And at every spring meeting to institute a proper inquiry into the diligence of ministers and church sessions in executing the provisions of such method.

3. *Resolved*, That the Presbyteries are farther enjoined to enter on record, and report to the next Assembly, their action on the first part of the foregoing resolution; and also to record at their next and all subsequent spring meetings, the result of the inquiry prescribed, and report the same to the General Assembly with the usual Annual Presbyterial Report, stating the delinquencies and diligence of pastors and church sessions.

4. *Resolved*, That there shall be appointed a standing committee on Systematic Benevolence by the Assembly, which shall be charged with the reception and examination of such reports, and the presentation to the Assembly of their aggregate results.

5. *Resolved*, That the Boards of the Church are invited to aid in the proper execution of the foregoing arrangements of the churches in such official communications with the Presbyteries, as may seem proper.

6. *Resolved*, That the Professors in our Theological Seminaries are respectfully requested to give proper attention to the right training of the future pastors of the Church, in view of the duties herein contemplated.

Further, the Committee recommend the following plans for contribution:

1. A committee may be appointed by the session for each object of benevolence, and a particular month assigned in which they are to do their work, by calling upon the people, or otherwise obtaining contributions.

2. All the objects to be aided may be presented in separate columns, and each contributor called upon to say what he will give quarterly or annually.

3. Weekly or monthly collections may be taken up, and thrown into a benevolent fund, which the session may divide among the several objects approved by them, in such proportion as they think proper.

The whole paper was then adopted.

It was further ordered that a Committee of three, including the Corresponding Secretary of the Board of Publication, be appointed to publish it, as an address of the General Assembly to the churches.

Nominations were made to fill vacancies in the Board of Directors at Princeton, Allegheny, and Danville, respectively; and it was made the first order of the day for to-morrow morning to elect these Directors.

It was made the second order of the day for to-morrow morning, to hear the report of the special committee on Ministerial Support.

The unfinished business, reports on Synodical Records, was then resumed, the question being on the report of the Committee on the records of the Synod of Kentucky. This, after amendment, was adopted, approving the records, with an exception, as follows: The Synod, in dismissing the judicial case recorded page 184, acted unconstitutionally, and established a dangerous precedent.

The Records of the Synods of Virginia, Nashville, Alabama, Mississippi, and Memphis, were approved, without exception.

The Records of the Synod of South Carolina were approved, with the remark, that the Stated, and not the Temporary Clerk, should sign them.

The Records of the Synods of North Carolina, Arkansas, Texas, and Pacific, not having been brought up, the Committees appointed to review them were discharged.

The Assembly then adjourned, to meet to-morrow morning at 8½ o'clock. Closed with prayer.

WEDNESDAY Morning, May 31.

The Assembly met, and was opened with devotional exercises.

The Minutes of the two preceding days were read and approved.

On motion, the Permanent Clerk was instructed to record on the Minutes of the Assembly the exceptions made by the House, in reviewing Synodical records.

A memorial from the Synod of Cincinnati, in relation to our Correspondence with Foreign Bodies, was transferred to the Committee on Foreign Correspondence.

The Moderator announced Messrs. B. M. Smith, Stuart Robinson, and James N. Dickson, as the special committee to publish and circulate the report of the Committee on Systematic Benevolence, as an address to the churches.

Judge Fine, from the special committee on Ministerial Support, presented a report, which was read, amended, and adopted, the resolutions being as follows, viz:

1. *Resolved*, That we affectionately and earnestly recommend to the churches under our care, that they scrupulously avoid holding out any inducements to a minister to become their stated supply, or settled pastor, which will not be realized.

2. *Resolved*, That we earnestly recommend to every Presbytery, that unless suitable provision be made for the support of a minister or stated supply, they decline to give their aid or sanction, as a Presbytery, to settle him in any congregation which is able to furnish such suitable provision.

3. *Resolved*, That we recommend to the elders, and deacons, and trustees of our churches and congregations, to meet together on some day before the 1st of November next, and yearly thereafter, or oftener if necessary, and institute the inquiry whether the minister or stated supply is properly and fully supported; and if they find that he is not so supported, to take immediate measures to increase his support, and report to their Presbytery at its next meeting.

4. *Resolved*, That we recommend to the Presbyteries to require of every minister to preach on the subject of Ministerial Support—"that laying aside all false delicacy, they enlighten their people upon this, as upon any other branch of Christian duty, pleading not for themselves, but for their Master, if happily they may reclaim their respective charges from a grievous sin, which must bring down God's displeasure;" and that the Presbyteries call upon every minister to answer whether he has complied with their injunction.

5. *Resolved*, That Messrs. B. M. Smith, Stuart Robinson, and James N. Dickson, be appointed a Committee to publish this report, and that the pastors be directed to read it from the pulpit at such time as may be considered most convenient.

On motion, the report of the majority of the Committee on the Board of Missions was taken up. A substitute was offered by Dr. Hodge, and amendments were offered, which were discussed till the hour of adjournment.

Before the Assembly adjourned, it was made the order of the day for this afternoon at 3 o'clock, to hear the report of the standing Committee on the Board of Publication.

The Assembly then adjourned, to meet this afternoon at 3 o'clock.

Closed with prayer.

WEDNESDAY AFTERNOON.

The Assembly met, and was opened with prayer.

The unfinished business—the report of a majority of the Committee on the Board of Missions, with reference to the work and mode of Church Extension—was resumed.

After further discussion, the previous question was called, and the substitute of Dr. Hodge was adopted, and is as follows:

Whereas, The Assembly has referred the whole subject of Church Extension, or the building of church edifices, to the Board of Missions; and whereas this Assembly believes this subject to be one of vast importance to the welfare of our whole Church; therefore,

Resolved, That the Board of Missions, in order to give greater efficiency to this work, be instructed, 1. To enlarge the Committee of Church Extension. 2. To appoint a Secretary for this specific department, if they shall deem it necessary. 3. To bring the cause before the churches in such way as they may deem best suited to secure attention to the importance of the work. 4. To report separately to the Assembly the receipts and disbursements of this fund. And further, this Assembly would earnestly and affectionately enjoin it upon all our churches to take up separate collections annually for this object, (to be reported in a separate column in the Appendix to the Minutes of the Assembly,) and upon all our Presbyteries to see that this is done.

The Committee on Foreign Correspondence reported in part, recommending that that the letter from the General Assembly of the Presbyterian Church in Ireland, read to this body, be not answered. This recommendation was adopted.

It was also voted to instruct this Committee that in the present perturbed condition of Europe, it be considered inexpedient to send a delegate from this body to the Association of Evangelical Churches in France.

The general report of the Committee on Theological Seminaries, was taken up; and the whole paper, having been amended, was adopted, and is as follows, viz:

The Committee on Seminaries report to the General Assembly that there have been various papers relating to the Princeton, Union, Western, and Danville Theological Seminaries referred to it, which having considered, they submit the following report:

The *Theological Seminary at Princeton.* The papers relating to this Seminary are, the annual report of the Board of Directors, the annual report of the Board of Trustees, and two letters from Dr. Boardman, one to the chairman of a committee of the last General Assembly, and the other to the President of the Board of Directors of the Seminary, on the subject of the Professorship to which he had been elected, and which he declined.

This committee recommends that the two reports above alluded to, be approved, and printed in the Appendix to the Minutes; and that the Assembly appoint a day on which they will proceed to the election of a suitable person to fill the vacant Professorship in that Institution, and the vacant places in the Board of Directors.

Union Theological Seminary. The papers relating to this Seminary are, reports of the Board of Directors to the General Assembly for the year ending the 13th of June, 1853, and the year ending on the 8th of May, 1854.

This committee recommends that these two reports be approved, and printed in the Appendix to the Minutes. As the Professors and Directors of that Seminary are not elected by the General Assembly, no action is necessary in regard to them.

Western Theological Seminary. The papers relating to this Seminary are the annual report of the Board of Directors, and the annual report of the Board of Trustees to the General Assembly.

The committee recommends that these reports be approved, and printed in the Appendix to the Minutes, and that a day be appointed for the election of suitable persons to fill the vacancies in the Board of Directors of said Seminary.

Danville Theological Seminary. The papers relating to this Seminary are, a plan for the government of the Seminary, reported to this General Assembly by a committee appointed by the General Assembly of 1853; a report from the committee of endowment appointed by the Assembly of

1853; a report from the committee on charters, covenants, &c., appointed by the same Assembly; the first annual report of the Board of Directors; the first annual report of the Board of Trustees; an agreement between the Synod of Kentucky and the General Assembly; an agreement between the General Assembly and the Centre College of Kentucky; and a charter, with an amendment thereto, granted by the Legislature of Kentucky to a Board of Trustees, under the care of this General Assembly.

This committee recommends that the plan be approved by the General Assembly, certified by the Stated Clerk, and transmitted to the Board of Directors of the Seminary for publication; and that the remaining papers be approved and printed in the Appendix to the Minutes; that the charter granted by the Legislature of Kentucky be accepted by the General Assembly, and that the agreements between the General Assembly and the Synod of Kentucky, and the Centre College of Kentucky, be ratified by the General Assembly; and that the committees on endowment, and on charters, covenants, &c., be discharged, the latter having fully accomplished their work, and the unfinished part of the work of the former being hereby, according to their request, turned over to the Board of Trustees of the Seminary. And that a day be appointed by the General Assembly for the election of some suitable person as a professor in said Seminary, the Board of Directors being permitted, according to their suggestion, to retain the services of the Rev. Joseph G. Reasor as teacher of Oriental and Biblical Literature for the present, and for the election of suitable persons to the vacant places in the Board of Directors.

The committee, upon a careful examination of all these papers, touching all these Seminaries, see abundant reason why the Church should rejoice and thank God for the measure of prosperity and success granted to them all. In the course of the past year all of them have had to encounter difficulties more or less serious, one of them by the destruction of its building by fire, one of them by the death of a very able professor, one of them by all the circumstances attending its recent establishment, and all of them by vacancies in professorships contemplated by their respective plans. Nevertheless, the great work committed to them has been prosecuted with energy, fidelity, and success, and with many tokens of the divine blessing.

It is recommended that a special committee be appointed to bring in a minute on the lamented removal by death of the late Professor F. S. Sampson, D. D., of Union Theological Seminary.

The committee also report that two overtures have been referred to them, one from the Synod of South Carolina, and one from the Presbytery of Oxford, proposing that the several Seminaries under the care of the General Assembly, should be transferred to the Synods in whose bounds they are respectively located; to which overtures this committee recommends that the General Assembly answer, that such transfer would be inconsistent with the legal and moral obligations which the Assembly has assumed in relation to those Institutions.

In regard to the first overture, from the Presbytery of West Lexington, propounding the question whether candidates for the ministry ought not to be required to put themselves under the care of Presbytery at the commencement of the two years prescribed in Form of Government, Chap. XIV. Sec. 6, for their study of divinity, the committee recommends that this question be answered by referring the Presbytery to Chap. XIV. in the Form of Government, and would recommend no response, at present, to the second overture of said Presbytery.

The unfinished business, Overture No. 7, relating to judicial commis-

sions, was then taken up; the discussion was continued on the substitute offered by Dr. MacMaster, for the report of the Committee on Bills and Overtures, till 5 o'clock, when the order of the day was called up, the report of the standing Committee on the Board of Publication.

This was presented by Mr. McMullen, and after amendment, was adopted, and is as follows:

The Committee on the Board of Publication beg leave to report, recommending the adoption of the following resolutions:

1. *Resolved*, That the Assembly recognize the power of the evangelical press as a powerful and efficient means, under God, in christianizing the world.

2. *Resolved*, That the Assembly have learned, with peculiar pleasure, of the successful operations of the colporteur enterprize, and commend that subject to the special favour of the churches.

3. *Resolved*, That the Board be directed to have an edition of our music book published, with seven characters, and that they also publish an abridged edition of the Psalmodist for the use of Sabbath-schools and for family worship, both in round and shaped notes, together with a simple course of instruction for youth; and the Assembly urge upon all the Presbyteries and churches the necessity of greatly increased efforts in the study of sacred music.

4. *Resolved*, That the Board be directed to have an accurate edition of the Confession of Faith published in the German language, and also such tracts from time to time as they may deem best.

5. *Resolved*, That the Assembly are highly gratified at the financial condition of the Board, as exhibited in their report, and especially at the amount of money which has been raised without formal agency.

6. *Resolved*, That it be recommended to the Board to inquire whether still greater efficiency cannot be given to the colporteur enterprise by making some increase in the salaries of the colporteurs.

7. *Resolved*, That the Presbyteries be urged to establish local depositories for the more general diffusion of the books of the Board.

8. *Resolved*, That it be recommended to the Board to pursue still further the policy of gratuitous distribution to the destitute, so far as may consist with the safety of their financial operations, and for this purpose to appeal to the liberality of the churches.

The following persons were then elected to fill vacancies in this Board:

MINISTERS.	LAYMEN.
W. W. Phillips, D. D.	James M. Ray,
George Potts, D. D.	R. Soutter, Jr.
B. F. Spilman,	John C. Stockton,
Stuart Robinson,	Hon. George Sharswood,
S. B. Wilson, D. D.	F. A. Ewing,
W. A. Scott, D. D.	P. C. Venable,
J. J. Janeway, D. D.	B. A. Fahnestock,
S. R. Wilson,	David A. Sayre,

S. J. P. Anderson,	P. A. Walker,
John Leyburn, D. D.	William R. Hanson,
	James Imbrie,
	C. B. Dungan.

Dr. Kirkpatrick, from the Committee on the Narrative, reported; the report was adopted, and it was ordered that it be printed in the usual form, in the Appendix to the Minutes.

On motion, Judicial Case No. 3 was made the order of the day for 8 o'clock this evening.

The Assembly then adjourned, to meet this evening at 8 o'clock.

Closed with prayer.

WEDNESDAY EVENING.

The Assembly met, and was opened with prayer.

Mr. Samuel J. P. Anderson, from the Committee to prepare a minute in reference to the decease of the Rev. Francis S. Sampson, D. D., Professor of Oriental Literature in the Union Theological Seminary, submitted the following, which was adopted, viz:

The Assembly, in recording a memorial of this severe bereavement, would express its deep sense of the greatness of the loss which the Church has sustained in the death of one of her most learned, talented, and pious ministers. Fitted by nature and by grace for great and extended usefulness, he had devoted all his powers to the cause of Christ, undeterred by sacrifices which that consecration demanded, and which were remarkable in their degree, and protracted in their duration. He was eminently suited to the high and responsible post to which the voice of the Church had called him—a post which he again and again refused to abandon, even when tried by offers most tempting to human cupidity, love of ease, and ambition. To a varied and accurate scholarship he added uncommon powers of communicating knowledge and stimulating the intellects of his pupils, and a heart on fire with love to God and zeal for his service. As a preacher, a theologian, and an instructor, he occupied a place in the front rank.

The withdrawal of such a labourer from the field at such a juncture, is a loss to be felt by the whole Church, and to be recognized as one of those mysterious providences that are to be met in humble and adoring silence, rather than in a spirit of proud inquiry.

The Assembly, in view of this loss, would tender its affectionate Christian sympathies to the Directors and remaining Professors of the bereaved Institution, and would unite with them in beseeching the Great Head of the Church to raise up for them speedily, another of like mind and heart, to take his place and fulfil his duties.

The House proceeded to the order of the day for 8 o'clock:

Judicial Case No. 3. The Appeal and Complaint of G. A. Hotchkiss against the Synod of Indiana, for sustaining the session of Pleasant Township church and the Presbytery of Madison, in censuring him for absenting himself from public worship, on account of disagreement with his pastor. The papers were read in order; the regular process prescribed in the Book was observed, and the Assembly voted unanimously that the action of the inferior courts be sustained and confirmed.

The following Memorial and Protest was presented and read, and on motion admitted to record:

This, the Memorial and Protest of the undersigned, respectfully showeth: That Mr. Charles Yale, formerly a member of the Presbytery of Tuscaloosa, but now or lately resident in the State of Wisconsin, having been, by regular and actual process by that Presbytery, deposed from the Gospel

ministry, and excommunicated from the Church, complained of said action of the said Presbytery to the Synod of Alabama; that his complaint was heard and issued by that Synod, and *not sustained;* that Mr. Yale afterwards, though not within the time prescribed, gave notice to the Stated Clerk of that Synod of his intention to appeal or complain of that decision to this General Assembly; that Mr. Yale has nevertheless not appeared before this Assembly to prosecute his appeal or complaint; that the subscribers, members of the Synod of Alabama, have waited until this, the last day of the sessions of this Assembly, to afford opportunity for the prosecution of said appeal or complaint;

And that therefore we do now, in our own name, and on behalf of the Synod of Alabama, *protest* against the future prosecution of said appeal or complaint.———That the said appeal or complaint is fallen from, ——— and that the sentence of the Synod of Alabama shall be considered as final, agreeably to a standing rule of the General Assembly.

And the undersigned respectfully ask that this their *Protest* may be admitted to record in the Minutes of your present session.

A. A. Porter, Presbytery of South Alabama.
Alexander McLeod, Presbytery of South Alabama.
Robert Hett Chapman, Presbytery of Talladega.
John A. Minniece, Presbytery of Tuscaloosa.
J. M. McKee, Presbytery of East Alabama.
A. P. Silliman, Presbytery of Tuscaloosa.

The unfinished business—overture No. 7, on Judicial Commissions—was resumed; and after some further discussion, the whole subject was laid on the table.

On motion, it was

Resolved, That the Reports of the various Boards be referred to the Boards for publication, and that an abstract of the Reports be printed in the Appendix to the Minutes.

Overture No. 9 was taken up, and the report of the Committee was adopted—granting the transfer of the church of Decatur and their minister to the Presbytery of Sangamon.

The Committee on Bills and Overtures reported

Overture No. 15. From sundry individuals, ruling elders and ministers, in the Presbytery of Tombeckbee, and Synod of Mississippi, containing a request for a certain change in the boundaries of said Presbytery. The Committee recommended that the request be not granted. The report was adopted.

Overture No. 16. From the Presbytery of Susquehanna, asking the General Assembly to decide two questions in regard to the rights and duties of witnesses.

1st. Must a member of a judicatory, taking testimony, be cited ten days before he is bound to testify as a witness?

2d. Can such member, being present in the judicatory, decline testifying, on the ground of not having been cited ten days previously, without being guilty of contumacy?

The Committee recommend answering both these questions by the adoption of the following resolution:

Resolved, That a member of a judicatory, present when the judicatory is taking testimony, is bound, if called upon to do so, to give his testimony in the case that is in process, and that his refusal to do so, on the ground

that he had not been cited beforehand, would subject him to censure for contumacy.

Overture No. 17. From the Synod of Indiana, asking the Assembly to change the 17th and 18th general rules for the conduct of judicatories, and thus abolish the use of the previous question in our courts. The Committee recommend that the Assembly should not change these rules. Adopted.

Overture No. 18. From the Synod of South Carolina, recommending the adoption of the resolution found on page 467 of the Minutes of the last General Assembly, and referred to the present Assembly, for raising a Committee to report from year to year on the subject of Psalmody. The Committee recommended the adoption of the resolution referred to.

On motion, the whole subject was laid on the table.

Overture No. 19. From a member of the Presbytery of Lexington, asking whether a minister who is a member of one Presbytery, can be installed as pastor over a church in another Presbytery; and if so, what are the proceedings proper in the case. The Committee recommend the Assembly to answer that he should not be installed in such a case. Adopted.

Overture No. 20. From James Cameron, containing sundry questions touching the peculiar and distinctive duties of Elders and Deacons. The Committee recommend that these questions be answered by a reference to our Form of Government, Chapters V. and VI., and new Digest, page 1. Adopted.

The resolution of Mr. Robinson, respecting correspondence with the German Reformed Church, was indefinitely postponed; and it was moved and carried, that the General Assembly decline sending a delegate to the German Reformed Church this year.

On motion of Dr. Monfort, it was

Resolved, That in the statistics appended to the Minutes of the General Assembly, after the present year, the Synods be enrolled in the chronological order of their constitution.

The order of the day for 11 o'clock on Monday last, which had been postponed, was taken up, and the Rev. B. M. Smith was heard for a few minutes in a statement respecting the nature and importance of "The Corporation for the relief of poor and distressed Presbyterian Ministers, and of the poor and distressed widows and children of Presbyterian Ministers."

On motion, it was

Resolved, That the Synods which have neglected to send up their Records this year for review, be required to send them up next year.

On motion of Dr. Edgar, it was

Resolved, That in appointing Commissioners to the General Assembly, it be recommended to all our Presbyteries, hereafter, to appoint such as shall be prepared, Providence permitting, to remain at least two weeks after their names are enrolled as members of the Assembly, provided the business thereof should require them to remain so long.

On motion of Mr. McPherson, the thanks of the General Assembly were then voted to the citizens of Buffalo, for their kindness and hospitality to the members during the session; also, to the pastors and other officers of evangelical churches in the city, who have tendered the use of their houses for worship; with special thanks to the pastor, session, and trustees of the Central Church, for their particular attention to the accommodation of the Assembly.

The Railroad and Steamboat Companies that offered the facilities of travel to the members at reduced rates of fare, were also mentioned in this vote of thanks.

The calling of the roll was dispensed with.

It was then, on motion,

Resolved, That this General Assembly be dissolved; and that another General Assembly, chosen in like manner, be required to meet in the First Presbyterian Church of Nashville, Tennessee, on the third Thursday of May, A. D. 1855, at 11 o'clock, A. M.

Closed with singing, prayer, and the apostolic benediction.

ALEXANDER T. McGILL,
PERMANENT CLERK.

SPECIAL PRAYER FOR THE GENERAL ASSEMBLY.

In the Minutes of the General Assembly for the year 1821, is the following important rule, which was adopted by the Assembly.

"An overture from the Synod of North Carolina was received and read, and is as follows, viz:

"Whereas the General Assembly is the highest and most important judicatory of the Presbyterian Church: and whereas, to obtain the divine blessing on that judicatory, must appear to every Christian of our denomination to be a matter of the utmost moment; therefore,

"*Resolved*, That the Synod do respectfully suggest to the General Assembly the propriety of recommending to all the churches under their care, to observe, annually, *the afternoon or evening previous to the meeting of that body*, as a season of special prayer to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations, and decisions; so that all may redound to the promotion of His own glory, and the general prosperity of that particular Church to which we belong."

NARRATIVE OF THE STATE OF RELIGION

ADOPTED BY THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES, AT THEIR SESSIONS, AT BUFFALO, N. Y., MAY 1854, AND ADDRESSED TO THE CHURCHES UNDER THEIR CARE.

Beloved Christian Brethren:

The General Assembly once more presents to you a Narrative of the State of Religion throughout the churches in our connection. The materials for this sketch are derived from the Reports transmitted to us from the numerous Presbyteries represented in the body. Our office has been simply to collate the statements thus supplied, and so arrange them as to exhibit, in one view, a full and accurate picture of the condition and prospects of the Church, in the various aspects of its important interests and movements during the ecclesiastical year now closed.

It behoves us, first of all, to call upon you to unite with us in devout thanksgivings to our Heavenly Father, for his abundant mercies toward the Church at large, and in all its departments. Never, perhaps, since the founding of this branch of Christ's kingdom upon the Western Continent, has there existed greater harmony in doctrine, in feeling, and in aims, than, as it appears from the accredited reports from our Presbyteries, now prevails in every part of our widely dispersed churches and people. When we consider the vast region embraced in this statement, and the great diversity of views and interests on other subjects, that will of necessity arise between different sections, such a union as that which binds us in Christian fellowship and love, must be accounted as a signal proof of the continued favour of the Great Head of the Church, manifested in the constant presence and everywhere prevalent power of his Holy Spirit.

The general condition of our churches, as we gather from the accounts submitted to us, is in a high degree prosperous. The past year has been characterized by peace and by progress. Our Presbyteries uniformly report that the attendance on the public ministrations of the word and ordinances of the gospel has been large and increasing, calling, in many cases, for enlarged accommodations in our houses of worship. Forty-one Presbyteries report that revivals of religion have been enjoyed in one or more of their churches. In some instances, the work of grace has been signally marked by the power of God; in each one important additions have been made to the number of Christ's followers. Besides the churches visited thus extensively by the influences of the Holy Spirit, other Presbyteries report that some of their churches have been blessed with seasons of refreshing, resulting in the conversion of some souls, and in the evident improvement of God's people in the graces of the Christian character. The Presbyteries in which distinct revivals have occurred are as follows, viz:—Donegal, Allegheny City, Elizabethtown, Northumberland, Huntingdon, West Jersey, Passaic, Susquehanna, Lake, Findlay, Zanesville, Indianapolis, New Albany, Logansport, Paducah, East Hanover, Des Moines, Ebenezer, St. Louis, Montgomery, Lexington, Missouri, Crawfordsville, Peoria, St. Clairsville, Potosi, New Brunswick, Ogdensburgh, Connecticut, Newton, Fayetteville, Concord, Louisville, Greenbrier, Charleston, South Alabama, Hopewell, Tuscumbia, Talladega, Tombeckbee, and Nashville.

In connection with this account of the revivals enjoyed by our churches, we would record, with special gratitude to our ascended Lord, that he has remembered, in the visitations of his grace, three of our seminaries of learning, viz: Westminster College in Missouri, Oglethorpe in Georgia, and the Witherspoon Institute in Pennsylvania. In the two first named it is stated that the work of grace, resulting, as is hoped, in the conversion of a goodly number of young men, and destined, as it is also hoped, to supply our Church with some faithful ministers of the gospel, commenced on the day appointed by the last General Assembly to be observed as a season of special prayer on behalf of our colleges and schools.

The past year has proved a season of general health throughout the country, with the exception—but it is an important one—of the prevalence of the epidemic which, during the summer and autumn, swept with unparalleled fatality over an extensive region in each of the States of Alabama, Mississippi, Louisiana, and Texas. In common with other of the inhabitants, our people suffered heavily under the judgments of the Almighty. Many valuable members of our churches were removed from the sphere of their much needed labours. It is gratifying, however, to know that our ministers, putting their trust, whether for life or for death, in God's mercy, remained at their posts to comfort the sick, and bury

the dead of their afflicted folds; and although some of them were brought to the verge of the grave under the power of disease, the lives of all were graciously spared. The general prevalence of the pestilence, and the numbers in every community who became its victims, afforded an opportunity for the exhibition of Christian philanthropy, on the part of those whom God shielded from the plague, toward the sick and dying, such as the history of our race has rarely, if ever, presented, and which could have been made only where the benign influences of our religion of love and kindness are felt.

The year now ended has been characterized by a high degree of prosperity and advancement in all the departments of worldly business, in which our members have shared with other citizens. The means have thus been afforded them of aiding with unusually large outlays of money, those enterprises of benevolence which they have felt a zeal in promoting; nor are we without evidence that the augmented ability to do good in the cause of Christ, by contributing of their worldly substance for its advancement, which God has given to his people, has in some measure been employed for his glory.

Several of our Presbyteries state that an unusual attention has been given to the improvement of the houses of worship, and to the erection of additional ones. We rejoice in every indication of an awakened interest and enlarged donations to the important object, whether it appears in more liberal support of the Church Extension of the Assembly, or in the more vigorous prosecution of enterprises of an independent and local character. Much may have been done, but much more remains to be done. Some of our Presbyteries, which cover territory but sparsely occupied with members of our communion, mention the insufficient number of church edifices, and the inadequate means of a people to provide more, as a formidable obstacle to the progress of religion. They appeal to their brethren, in more favourable regions, for assistance in making a provision, which is essential to the permanent establishment and growth of the Church. Surely, in the abounding wealth of the land, and of the Church, an appeal so reasonable will not be disregarded.

You will learn from the Reports of the Boards of Domestic Missions, of Foreign Missions, of Education, and of Publication, which are widely dispersed through our churches, and abstracts of which are published in the Appendix to the Minutes of this body, that the several plans of Christian benevolence committed to the Boards enjoy, in an eminent degree, the favour of God, and by his blessing upon their judicious management, are advancing steadily toward the consummation of the purposes for which they have been instituted. Earnestly desiring that you should read these Reports, we shall not here present any details of their contents. But, confining ourselves to the information furnished us directly by the Presbyteries, as to the zeal manifested by the churches at large on behalf of the objects of the Boards, we regret that our report cannot be one of unqualified pleasure and approbation. Many of our Presbyteries, indeed, inform us that there has been evident progress among their people; that more interest is felt, and larger contributions made. Others inform us that whilst there may not have been any diminution of zeal or of liberality, there has not been that increase in either which is demanded by the increasing destitutions of our own country and the providential openings for missionary labour in foreign fields every day becoming wider and wider. Others again bring us the painful and humiliating intelligence that in many of their churches little interest is manifested, and that the contributions are small and irregularly made. In some of our churches no aid is given. These things, brethren, ought not to be so. The highest trust ever confided to men, is that which our risen Lord and Redeemer committed to his Church when he constituted the Church his agent upon the earth in carrying out the purposes of his mission into our world, as these concern the universal spread of his truth, and the subjugation of the whole family of man to the dominion of his grace. The common sentiment of Christ's followers throughout the world would reproach us as criminally delinquent in a point of duty, second to none other in importance, if our Church, in its aggregate capacity, were neglecting to execute any part our Lord's commission, given in terms so authoritative and solemn. You would feel, and we should feel, in such case, that we were wanting in one of the most certain marks of a true Church of Christ, and that we could not lawfully hope that his blessing would abide with us. What, in this respect, belongs to the Church as a whole, belongs to each particular church, and to each individual within the limits of their abilities. What is our duty, is your duty also.

From a large number of our Presbyteries we have received alarming complaints of the inadequate supply of ministers either for the churches already planted, or for the extensive destitute regions prevailing on every hand, and promising rich returns to faithful labour. If all the candidates now prosecuting their preparatory studies were qualified to enter during this year upon the work of the ministry, the field at home would be but partially supplied,

and that without furnishing a single missionary for our service abroad. The Board of Education has, from time to time, addressed the most fervent appeals to our churches. Seminaries of learning, of various grades, for the religious training of the young, have been multiplied. Revivals of religion have been enjoyed by many of these institutions. Year after year, the Assembly has appointed days for the special instruction of our people as to their duty on this subject, and of special prayer for the increase of labourers in our Lord's kingdom. Yet, notwithstanding all, we are constrained to believe that a very general and lamentable apathy prevails, both in regard to the real wants of the Church, and in the use of the proper means for the supply of those wants. We need many more messengers of salvation to our dying race. It is the great distinguishing need of our Church, and of the times in which we live. Without more ministers, we cannot carry forward with success any of the operations of the Church; our Boards of Missions will be rendered comparatively impotent for the accomplishment of their ends; the ground we now occupy cannot be maintained; much less shall we be able to advance in our conquests, and extend the boundaries of the Redeemer's kingdom. In your prayers, and labours, and benefactions, we beseech you, beloved brethren, not to overlook that department of the Church's functions upon which the perpetuation of her existence, her life, and strength, and glory depend. Let your supplications continually go up to the Lord of the harvest, that, having now ascended on high to give good gifts unto men, he would be pleased to shed down upon our youth in their homes, and as assembled in our schools and colleges, such measures of his grace as shall constrain them to consecrate themselves to his service in the work of the ministry.

The Reports before us afford gratifying proof of a growing interest among our churches generally, on behalf of the religious instruction of the young in the Sabbath-school. The Catechisms of the Church, which at one time were so commonly banished or omitted from the ordinary routine of studies pursued in this institution, have been to a great extent restored to their proper position. From their use in all our Sabbath-schools, we hazard nothing in predicting that the piety of our children and youth, to whom God should sanctify the knowledge derived from their study, would be at once enlightened, symmetrical, and robust, eminently qualifying the rising generation of Christians for the arduous conflict with error and iniquity which awaits the Church at no distant day. We should hail it as an infallible omen of good to all future times, if, even to a greater extent than can now be claimed, these incomparable manuals should supersede, in all our methods and schemes for the instruction of the young, the numerous works, superficial in character, avowedly, and sometimes boastingly, negative in doctrine, and often enervating both mentally and morally, by which our Catechisms themselves have been supplanted.

We would not, however, conceal from you the fact that some of the Presbyteries which tell us of the flourishing condition of their Sabbath-schools, and many others, which speak not so favourably on the subject, report to us that there exists among their church members an alarming delinquency in the proper instruction of the young at the domestic hearth, under parental oversight. There is, we are assured, no necessary conflict between the Sabbath-school and the family, as institutions in which this class may be trained in the knowledge of God's word. They may be made, and ought to be made, mutual help one to the other. Yet it is not to be disguised that the effect of the privileges offered by the Sabbath-school may be, in some cases, to relieve the minds of parents from the sense of the personal responsibility resting upon them. Hence, they are led to consign the religious instruction of their children chiefly, if not wholly, to the Sabbath-school teacher. If such a result were inevitable, or even general, then should the Sabbath-school institution be condemned as a curse to the Church. God has laid upon parents the command to bring up their children "in the nurture and admonition of the Lord." The obligation is recognized as one personal to themselves, in the covenant into which they enter when presenting their children to God in the ordinance of baptism. In this matter there can be no transfer of responsibilities, no substitute in the discharge of duties. The Sabbath-school teacher cannot answer for the parent in the day of final reckoning; neither should the parent's work be committed to his hands in this life. The instruction of the children is so important an element of all domestic religion, that when it is neglected, it is to be feared that family worship, and other kindred duties, are also but slightly regarded. As on various occasions heretofore, we would now exhort you, brethren, to all diligence and fidelity in the whole duty of family religion, not omitting the regular instruction of your children in the word of God, and the Catechisms of the Church.

The reports sent to us from the Presbyteries covering the portion of the Church in which there is a large slave population, reveal the gratifying fact that the zeal hitherto

manifested on behalf of the religious welfare of this class, instead of abating, is evidently growing more ardent and active. In their houses of worship, provision at once special and liberal is made for the accommodation of the coloured people, so that they may enjoy the privileges of the sanctuary in common with the whites. Besides this, nearly all our ministers hold a service in the afternoon of the Sabbath, in which the exercises are particularly adapted to their capacities and wants. In some instances, ministers are engaged in their exclusive service—not ministers of inferior abilities, but such as would be an ornament and a blessing to the intelligent, cultivated congregations of the land. In a still larger number of instances, the pastor of a church composed of the two classes, inasmuch as the blacks form the more numerous portion, devotes to them the greater share of his labours, and finds among them the most pleasing tokens of God's smiles upon his work. Besides the preaching of the word to which they have free access, in many cases a regular system of catechetical instruction, for their benefit, is pursued, either on the Sabbath at the house of worship, or during the week on the plantations where they reside. Thus we give thanks unto God, our common Father, that he has inspired the hearts of our brethren, in the parts of our Church referred to, with love to the souls of this numerous race, and that he has opened among them a wide and effectual door of usefulness. At the same time, reminding these brethren that the work is great, and is yet far from its full accomplishment, we would exhort and encourage them to persevere and abound more and more therein, assuring them of the sympathies and prayers of the entire Church for them in their self-denying labours. The position taken by our Church with reference to the much agitated subject of slavery, secures to us unlimited opportunities of access to master and slave, and lays us under heavy responsibilities before God and the world, not to neglect our duty to either.

There are two other subjects relating to the state of piety in our churches, to which frequent allusions are made in the reports before us. One of these is the desecration of the Christian Sabbath. We would remind you, brethren, that with respect to the observance of this holy day, our Church has always taken high ground. We believe that we have the sanction of God's word to uphold us in that position, and we cannot recede from it. It is, therefore, with exceeding pain we learn that among our members the Sabbath is frequently violated, especially by travelling. We entreat you, brethren, carefully to abstain from a sin so detrimental to all the interests of piety, and so much in defiance of God's authority. The large influx into every part of our country, of a foreign population, whose principles and practices are at variance with ours with regard to the divine authority and proper sanctification of the Sabbath, requires of us great boldness in proclaiming our doctrines, and great firmness in resisting the temptations by which we are assailed. But we exhort you to yield not in your principles or practices. Show to them the better way. Teach them, by precept and example, to honour the law of God, which enjoins upon you and them alike, to remember the Sabbath day to keep it holy.

The other subject alluded to, is the prevalence of a *worldly spirit*, which is reported to us in terms of deep and earnest complaint and lamentation, by almost every Presbytery in our connection. The prosperity with which God has been pleased to bless the various forms of labour and enterprise of our citizens, seems to have seduced the hearts of his people into an undue anxiety for the accumulation of wealth, and a criminal conformity to the customs of a wicked world. Hence, it is easy to account for the fact, that although the attendance upon the public ministry of the word on the Sabbath is large, the social prayer-meeting, and the monthly concert, and the duties of family religion, are, as many complaints show, too much neglected. Hence, too, the preaching of the gospel to congregations so numerous, has been followed by such rare and slight evidences of its power; for although an unusually large number of Presbyteries report the existence of revivals in some of their churches during the year, none of them mention a general, wide-spread work of grace, and most of them deplore the low state of vital godliness and active zeal throughout their bounds. Worldliness has invaded the Church. It is the evil of our times. It becomes us to humble ourselves before God on account of our sin in this matter. We have abused the bounties of his providence to the disparagement of his grace and the detriment of our souls.

Finally, brethren, farewell! May the God of peace, that brought again from the dead our Lord Jesus, the great Shepherd of the sheep, through the blood of the everlasting covenant, make you perfect in every good work, to do his will, working in you that which is well pleasing in his sight through Jesus Christ, to whom be glory for ever and ever. Amen!

Abstract of the Report of the Board of Missions, presented to the General Assembly in Buffalo, May, 1854.

In presenting their Fifty-second Annual Report to the General Assembly, the Board of Missions desire to express their devout gratitude to Almighty God for the measure of success which he has vouchsafed to his servants in the prosecution of the missionary work assigned them during the year. There has been an increase both in the number of our missionaries and in the contributions of the churches during the year; and, what is

of far higher importance, the Spirit of God has evidently accompanied the labours of our missionaries, and made them instrumental of saving good to multitudes of souls.

OPERATIONS OF THE YEAR.

1. Of Missions.—*Statistical Details.*—The number of Missionaries in commission, April 1, 1853, was 288, to which have been added to April 1, 1854, 235, making the whole number 523, or more by eight than the year previous.

The number of churches and missionary stations, wholly or in part supplied (so far as reported) by our missionaries, is 933.

The number of newly organized churches is 52.

The number of admissions on examination is 2006; and on certificate 1823; making a total of admissions of 3829.

The number in communion with churches connected with the Board is 21,060.

The number of Sabbath-schools is 495; of teachers, 3481; and of scholars, 22,387.

The number of baptisms is 2238.

And the number of houses of worship, erected or finished, is 61.

Of the 523 missionaries who have been in commission during the year, 146 have sent in no special report for the Assembly—more than one-fourth of the whole number—consequently we must increase all the returns one fourth to make them correct.

2. Appropriations.—The appropriations made to our missionaries, from April 1, 1853, to April 1, 1854, have been, at the office in Philadelphia, $42,547.50, and at the office in Louisville, $32,874.42, making a total of $75,421.92.

The appropriations made from April 1, 1852, to April 1, 1853, were, at the office in Philadelphia, $32,273.58, and at the office in Louisville, $21,637.50, making a total of $56,911.08. From this statement, it appears that the appropriations made at the office in Philadelphia, *exceeded* those made the year before, $7,273.92; and at the office in Louisville, $11,236.92, thus making the total *excess* of appropriations this year above the year preceding, $18,510.84. The churches ought to understand distinctly, that these large appropriations cannot be continued, unless the treasury is replenished by their equally liberal contributions.

3. Receipts.—The total amount of receipts from all sources, from April 1, 1853, to April 1, 1854, is $75,207.80; to which add balances on hand in the different treasuries, April 1, 1853, $17,753.22; making the available resources of the Board during the year, $92,961.02.

The amount paid out at the different treasuries, for the same time, is $70,306.44; leaving an available balance in all the treasuries, April 1, 1854, of $22,654.58. The amount due the missionaries, at the same date, was $11,076,84; leaving an unexpended balance of $11,577.74.

We are gratified in being able to state, that while the aggregate receipts have fallen off, as compared with the preceding year, $6,247.53, the receipts *from the churches* have *increased* $5,805.29—the falling off has been in individual or special donations and legacies.

4. Reinforcement and Enlargement of the Church.—During the year, the Board have established *new missions* in many of the larger cities and towns, and in various rural districts, and have to a considerable extent reinforced our missionaries in the newer States and Territories.

5. State of our Missions.—The reports of our missionaries during the year have been encouraging. Nearly all of them report a good and increasing attendance upon the means of grace on the part of their people, and some of them have enjoyed the special visitations of the Holy Spirit. We have, indeed, great cause for thankfulness, that God has vouchsafed to his servants so good a measure of success, and have great reason to be encouraged in the further prosecution of the missionary work.

6. Clothing.—Clothing valued at $5,896.60, has been received during the year, and distributed among the missionaries who needed it. From their acknowledgments we have reason to believe that the clothing sent has been very gratefully received, and has added very much to the comfort of the missionaries and their families.

CHURCH EXTENSION.

The balance of the Church Extension Fund on the 1st of April, 1853, was $6,211.33. The receipts from April 1, 1853, to April 1, 1854, were, from individuals, $3,211.93, and from churches, $3,086.16; making the receipts $6,298.09; which added to the amount

in hand on April 1, 1853, makes a total of $12,509.42. The appropriations paid from April 1, 1853, to April 1, 1854, amount to $6,177.25; which leaves a balance in the treasury April 1, 1854, of $6,332.17. There are, however, unpaid appropriations amounting to $8,178.07, which would more than consume this balance, and leave the Church Extension Fund in debt $1,845.90.

Appropriations have been made, during the year, to sixty-three churches, scattered over twenty-two Synods, and within the bounds of forty-four Presbyteries. Thirty-five churches have been finished during the year, and have received their respective appropriations.

For the purpose of comparison we state, that the receipts for Church Extension from the 1st of April, 1852, to the 1st of April, 1853, were as follows: From individuals, $3,250.95, and from churches, $3,247.39; making a total of $6,498.34. From this it appears that the receipts this year were two hundred dollars and twenty-six cents *less* than the year preceding. The number of churches which were finished last year, and which received their appropriations was seventeen, or less by eighteen than this year.

As it may be desirable to know the gross amount that has been received from the commencement of the Church Extension Fund, we add the following statement: Cash received for Church Extension from July 20, 1844, to April 1, 1854, from individuals, $46,042.03, and from churches, $17,255.55; making a total of $63,297.58. The whole number of churches which have received appropriations during this period, is three hundred and thirty-three; and these are scattered over every section of our Church.

IMPORTANCE OF DOMESTIC MISSIONS.

Objects of the Board.—The objects of the Board of Missions are two-fold:

(1.) To supply vacant churches, and assist weak and feeble congregations in the support of pastors.

(2.) To extend the boundaries of the Church, by employing ministers to preach the gospel, organize new congregations, and form churches in the hitherto neglected and waste places of our country.

Hundreds of our churches are so weak and feeble, that it would be impossible for them to maintain their pastors or stated supplies without the aid of others. And how shall new churches be formed, and the kingdom of Christ extended throughout our land, unless the heralds of the cross are sent forth and sustained by those who already enjoy and appreciate the blessings of the gospel?

The Vastness of the Field of our Labours.—The field assigned to the Board of Domestic Missions is our own country, in the thorough evangelization of which, not only we, but the whole world, have the deepest concern.

In 1850, the area of the United States was estimated at about three millions and five hundred thousand square miles, which exceeds the whole of Europe by about five hundred thousand square miles. What a country! What an immensity of territory!

Present and Prospective Population of our Country.—In 1850, according to the census then taken, the total population of our country exceeded twenty-three millions. The total number now must be about twenty-five millions.

Advancing at our present rate, both naturally and by immigration, in 1870 we shall number thirty-nine millions of people, in 1890 we shall number seventy-four millions, and in 1900 above one hundred millions! What a field! What a population for missionary enterprise!

1. Demand for Missionaries.—We have often wished, while reading the earnest and affecting appeals that are made to us for missionaries, that the letters could be read by every member in our communion. From the North and the South, from the East and the West, the Macedonian cry is raised, "Come over and help us."

2. Inadequate Support of many of our Missionaries.—The difficulty is not merely to supply the demand for missionaries from so many places; the Board have often been embarrassed, from the deficiency of pecuniary means, in their efforts to sustain adequately the missionaries actually in the field. If the hearts of our people would be affected could they read the appeals that are made to us for ministers, they would be much more deeply grieved could they read the letters of many of the missionaries themselves, describing their arduous labours and self-denials, the numerous deprivations, and some-

times actual sufferings of themselves and families, from the want of adequate pecuniary support.

There is no class of men, considering the qualifications and labours that are required of them, who are so poorly paid as our missionaries. Their average salary during the year was only $403.00. The average salary paid by the Board was $152.00, and the average amount received by them from their people was $251.00; thus making the average sum received by our missionaries, both from the Board and their people, $403.00.

The Board, during the year, have increased the average salary of the missionaries from $132.00 (which was the average salary paid by the Board the year preceding) to $152.00. This average increase of twenty dollars in the salary of five hundred and twenty-three missionaries, makes an aggregate of more than ten thousand dollars. Had their *people* advanced their part of their salary in the same proportion, the missionaries would have been still further relieved. It is worthy of notice that two-thirds of the increase in the salary of the missionaries were advanced by the Board, and only one-third by their people.

3. The Churches ought to Contribute more generally and liberally.—In view of the inadequate support of our missionaries already in the field, and the immense territory yet to be supplied with the preaching of the gospel, ought not the churches to contribute more generally and liberally to this cause? It is scarcely credible, but such is the melancholy fact, that not more than one-half of our churches contribute anything to our Domestic Missionary Board; and but for the special and liberal donations of a few individuals, the amount contributed by the churches would not be sufficient to sustain the comparatively small number of missionaries employed by the Board!

If this matter is examined more closely, it will be found that in the churches which contribute, the mass of the people give little or nothing. Frequently if you subtract the subscriptions of a few individuals, the remainder of the sum contributed by the rest of the congregation amounts to a mere trifle. It is obvious that many give nothing at all! Surely this ought not so to be.

4. Importance of Presbyterial Vigilance and Activity.—If the Presbyteries would see to it that collections are taken up in all the churches, the annual receipts of the Board would be greatly augmented, and their ability to aid in the support of the missionaries, and to extend the boundaries of the Church, would be correspondingly increased.

Ought not the Presbyteries to inquire more particularly into the actual ability of the churches to support their pastors when they apply for missionary aid? Could they not, in some cases, induce them to become self-sustaining, and thereby increase the ability of the Board to help those who really need assistance, and to send missionaries into fields that are as yet entirely destitute?

5. Churches receiving aid should endeavour to become Self-Sustaining and Contributing.—It is manifestly the duty of the churches to sustain the gospel among themselves, without the aid of others, when they are able to do so; and such churches cannot apply for any assistance from the missionary fund without great injury to themselves and injustice to others who really need the funds which they unnecessarily absorb. Churches receiving assistance from the Board should endeavour to become, as fast and as fully as practicable, self-sustaining and contributing churches.

6. All our Missionaries ought to take up an Annual Collection for the Board.—We have observed, with surprise and regret, that many of our missionaries have not reported any collections for the Board during the year. If it is a divinely commanded duty to contribute towards the support and diffusion of the gospel, it is evidently the duty of every minister to bring this subject before his people, and to give them an opportunity of discharging their personal obligation with regard to this matter, and there are special reasons why our missionaries ought to attend to this subject. Men who are either in whole or in part supported by the missionary fund of the Church, ought certainly not to neglect to present the claims of the Board, nor fail to afford their people an opportunity of contributing to it.

Abstract of the Annual Report for 1854.

Part 1. Ministerial Education.—The importance of the work of the Board of Education is seen in the greatness of the office of the Christian ministry. With an origin from God, with the truth of God as the subject of its teachings, with the Spirit of God as the breath of its power, with the providence of God as the witness of present and eternal blessings, and with the glory of God to encircle its aims and results, the Christian ministry stands pre-eminent among the vocations of men.

The decrease of candidates for the ministry is then referred to, and statistics are introduced into the Report, showing that evangelical churches at home and abroad are all suffering from this source. The Methodist, Episcopal, Baptist, Congregational, and the different branches of the Presbyterian Church in the United States, as well as the Free Church of Canada, the Congregational churches of Great Britain, the Free Church of Scotland, and the Irish Presbyterian Church, all make the same complaint of a deficiency or decrease of candidates for the ministry. This decrease commenced in our own Church in 1844, and the Report of that year ascribes as the grand reason for the decrease, the "low state of religion throughout our churches." The present Report concurs in the correctness of that statement, and gives some reasons why no other causes can adequately account for it.

Another fact, in direct opposition to the fewness of candidates, is that ministers were never in greater demand. (1.) The field accessible to ministers at home and abroad was never so great as at the present time. (2.) The present is a period of great events and rapid issues in the world's history. (3.) Satan is organizing error with unwonted stratagem in opposition to the kingdom of God. (4.) The influence of our own country upon the destiny of the world is another plea in behalf of a greatly augmented ministry.

Prayer, as the means of securing an adequate ministry, is then insisted upon in the Report. Prayer was both enjoined and practised by Christ; and prayer brings the Church directly to God, and thus not only cherishes dependence upon Him, but arouses the Church to activity and effort.

Statistics of Candidates. The number of *new* candidates this year is 104, a greater number than has been reported since the days of Dr. John Breckinridge. The *total* number on the roll is somewhat less than last year, being about 340. The reasons for believing that there will be an increase of candidates, and that our Church has probably reached its lowest point of decline, are then stated.

Recommendations to the General Assembly. First, to raise the appropriations to *eighty* dollars for academical students, one *hundred* dollars to collegiate students, and one *hundred and twenty* dollars to theological students. The quarterly appropriations would then be for each class respectively, twenty, twenty-five, and thirty dollars. The average increase would be about *one-fifth*, involving an additional expenditure of five thousand dollars. The Board to have the liberty of increasing the appropriations in special cases, when recom-

mended by the Presbyteries. The other recommendation is to provide some way by which the education cause may be systematically brought before all our churches.

Conclusion. Two ideas are dwelt upon in the Report. (1.) The necessity of *greater caution* than usual in bringing young men into the ministry, at a time when a re-action in favour of this great profession seems about to take place. (2.) The importance of *unremitting effort* in the use of means tending to increase the number of candidates.

Part II. CHRISTIAN EDUCATION in schools academies and colleges.—*Parochial or primary schools.* The religious part of the instruction is promoted in three ways:—First, by acts of worship, such as prayer, reading the Scriptures, and singing. Secondly, by religious instruction in the Bible and Catechism; and thirdly, by Christian government and discipline. A number of new schools have been established during the year; and the munificent offer of $5000 in aid of the cause has been of the most essential use. The number of schools is over 100. Some of the older scholars have professed religion during the year.

Presbyterial Academies. The two points which require the constant care of Presbyteries are, first, to give religion its due prominemce in the course of instruction; and secondly, to make the Academies first-class institutions in all the departments of secular instruction. A large number of youth in our Academies have made a profession of religion during the year. The average would give at least two to an Academy. The number of our Academies is *forty-seven.* The Ashmun Institute, designed for the education of coloured youth, under the care of Newcastle Presbytery, is nearly ready for organization.

Colleges. There are *fifteen* Colleges under Synodical supervision, of which nine are well established, the others being of recent origin. In addition to these, *three* others have charters. After giving a brief account of each College, the Report refers to Colleges not under the direct care of the Church, and advocates the position, that when such Colleges have the confidence of the Synods, they should be regarded as Presbyterian institutions. The Report expresses the hope that fraternal co-operation will prevail in this department.

Miscellaneous and Teachers' Department.—Thirteen young men have received aid during the year, and among them several sons of our ministers. Two have professed religion during the year.

General Remarks.—1. The right of the Church to educate, does not imply an *exclusive* right, or the necessity of *always exercising* that right; nor does it *compel* parents to send their children to Church institutions. Furthermore, it does not *depreciate* other educational agencies besides the Church. 2. The apprehension that Church education brings too much business into our Judicatories, may be removed by leaving most of the management to trustees. 3. The withdrawal of our influence from the State system is then considered. The education of our own children religiously need not, and does not, prevent us from supporting the public system, any more than the charge which our deacons have of the poor in the Church prevents them from sympathizing with the poor in the community who are outside of the Church. Besides, there is room enough for all classes of schools; and the influence of religious schools will be most salutary upon the State schools, especially in improving their religious character. 4. The centralization of too much power in the Board is met by the fact that, in the Presbyterial system, the entire internal management of the institutions is in the Judicatories. 5. The propriety of blending the two departments of the Board in one administrative agency is left entirely to the judgment of the Assembly. Whether another Secretary shall be appointed, or a separate Board be established, or whether the affairs shall be conducted on the present plan, are questions, whose decision by the Assembly, in any way, will be acquiesced in by the Board without the least concern.

PUBLICATIONS.—The Board have continued to occupy six pages of the Home and Foreign Record. Of the Foreign Missionary, 20,000 copies of the newspaper, and 3500 of the pamphlet form, (enlarged to 32 pages,) have been published. Of the last Annual Report, 4300 copies of the pamphlet, and 10,000 of the newspaper form have been issued; also a number of circulars and missionary papers.

A Manual of Missions, giving a brief and succinct account of the history and present condition of the Missions of the Board, has also been prepared by one of the Secretaries, and published, but not at the expense of the Board.

MISSIONARIES AND ASSISTANT MISSIONARIES SENT OUT.—Nine missionaries, (one of whom was a returned missionary on a visit to this city,) and twelve male and female assistant missionaries—making in all twenty-one—have been sent out.

AGENCIES.—Rev. William S. Rogers spent eleven months, and Rev. James Wilson five and a half months, as agents of the Board in the North-western States. One of the Secretaries spent two months in the autumn in meeting the Synods of the West and South, and in preaching to a few churches in that region. The clerical Secretaries have preached in as many of the churches in New York, Philadelphia, and their vicinity, at the time of their annual collection for missions, as was found compatible with their duties at the Missionary Rooms. At the present, and for some time past, the Board has not had a single agent in the field; and they have depended, therefore, upon the ministers of the churches to do this work themselves; and in a large number of cases it has been done with good effect.

MISSIONS AMONG THE INDIAN TRIBES.—The Board has seven missions among the Indian tribes of our own country, viz: among the Choctaws, Chickasaws, Creeks, Seminoles, Iowas and Sacs, Otoes and Omahas, and the Chippewas of the State of Michigan.

Connected with these missions are eight ordained missionaries—Rev. Messrs. A. Reid, A. M. Watson, H. Balantine, Robert M. Loughridge, William H. Templeton, S. M. Irvin, William Hamilton and Peter Dougherty—and sixty-one male and female assistant missionaries; eleven churches, and upwards of one hundred native communicants; eight boarding and three day-schools; in which there are about six hundred pupils in various stages of their education.

Additions have been made to most of the churches, and the prospects of these missions

were never more promising than at the present time. Several of these tribes, especially the Choctaws, the Chickasaws, the Creeks, and the Chippewas, are making decided progress in almost every department of civilization; and the time is not far distant when they may be safely incorporated with our government, and be placed on a footing of entire social and civil equality with the white inhabitants of the country.

Missions in Africa.—The Board has two missions in Western Africa; one of which is in Liberia, and the other near the equator, and known as the Corisco Mission. Connected with these there are six stations and out stations; six ordained missionaries—Rev. David A. Wilson, James M. Priest, James L. Mackey, George McQueen, Edwin T. Williams, and William Clemens; one licentiate preacher, and eight male and female assistant missionaries; five churches, and about one hundred and twenty communicants; seven schools, (one of which is a classical institution,) and embracing in all about two hundred and fifty pupils. All of the churches have received accessions; and one has experienced a season of special reviving.

The Alexander High School is in a flourishing condition, and is doing as much for the moral, social, and intellectual improvement of this infant Republic, as any institution that has ever been established in that country. The missionaries at Corisco have enjoyed good health, and one of their number has penetrated the country to the distance of one hundred and fifty miles, and has brought to the knowledge of the Church a new and most inviting field for missionary enterprise; and the Board hope that the day is not far distant, when the blessings of the gospel may be extended from this point to the very heart of this great continent.

Missions in India—In Northern India the Board have four missions, viz: Lodiana Furrukhabad, Agra, and Allahabad; thirteen stations and out-stations; twenty-six ordained missionaries, (two of whom are natives of India)—Rev. Messrs. John Newton, John H. Morrison, Charles Forman, Golok Nath, Levi Janvier, Adolph Rudolph, Jesse M. Jamieson, James H. Orbison, James R. Campbell, Joseph Calwell, John S. Woodside, John J. Walsh, Julius F. Ulman, David E. Campbell, Augustus H. Seeley, John E. Freeman, James L. Scott, Joseph Warren, Robert S. Fullerton, Robert E. Williams, Joseph Owen, Robert M. Munnis, Lawrence G. Hay, Horatio W. Shaw, and Gopee Nath Nundi; one licentiate preacher; twenty-one female assistant missionaries from this country; twenty-five native helpers; nine churches, with about two hundred and sixty native communicants; four printing-presses, from which have issued nearly 3,000,000 pages; twenty-seven schools, (several of which are high-schools,) with nearly 3000 pupils.

The missionaries entertain the most encouraging views of their work. There is a more general and a more decided desire among the people to listen to the claims of the gospel. Hinduism is evidently losing its hold upon the mind and heart of the people; and when the 3000 youths whom our missionaries have under religious and intellectual training, go forth among their countrymen, their influence must be felt, and be productive of immense good.

Mission in Siam.—In Siam there is one mission, connected with which there are two ordained missionaries, Rev. Stephen Mattoon, and Samuel R. House, M. D.; one licentiate preacher; one female assistant missionary; one native helper; one boarding-school, with about thirty pupils. A large amount of labour has been performed in preaching, distributing religious books and tracts, and itinerating among the people. Mrs. Mattoon has free access to the female members of the royal family, and it is believed that her visits will result in good to those who would otherwise be inaccessible to the gospel.

China.—In China there are three missions; *Canton*, *Ningpo*, and *Shanghai*.

Connected with these there are twelve ordained missionaries; Rev. Messrs. Andrew, P. Happer, John B. French, Charles F. Preston, Richard Q. Way, Henry V. Rankin, Samuel N. Martin, John L. Nevius, John W. Quarterman, M. Simpson Culbertson, Joseph K. Wight, Reuben Lowrie, and D. B. McCartee, M. D., and Joseph Kerr, M. D.; two physicians; thirteen female assistant missionaries; three native helpers; seven schools, with one hundred and seventy pupils; one printing press, from which have been issued eight separate volumes or tracts, and between two and three million of pages. The missionaries have been actively employed in the various duties of preaching, translating, teaching, distributing religious books and tracts; and those of the medical profession in the duties of the dispensaries, in addition to their other labours.

The present posture of affairs in China is one of immense interest, and the conviction on the mind of the Christian public is growing stronger every day that the country is on

the eve of a great crisis, which it is believed will be eminently favourable to the spread of Christianity; and in view of this, it is exceedingly desirable that these missions should be strengthened and greatly enlarged.

California and South America.—The Board has recently commenced missions for the Chinese of California, and for the Roman Catholic population in South America; connected with these are Rev. Messrs. William Speer and Thomas L'Hombral; both of which, it is hoped, will be productive of great good to the communities for whose welfare they have been established.

Missions in Papal Europe.—The Board has no missionaries in Papal Europe under their immediate direction. Their appropriations have been made to Evangelical Societies, which are known to be prosecuting the work of evangelization with zeal, prudence and wisdom; and the results of their labours, especially in France and Italy, are of the happiest and most encouraging nature. The appropriations made to these Societies for the promotion of the work of evangelization, including $7,786 73 invested for the endowment of the seminary at Latour, have been $15,942 17.

Missions to the Jews.—The Board has three missions to the Jews in this country, viz: in New York, Philadelphia, and Baltimore; connected with which, are three ordained ministers—Rev. Messrs. John Neander, Bernard Steinthal, Frederick J. Neuhaus, and Julius Straus, and one licentiate preacher. They have free access to their kinsmen according to the flesh; and in many instances, it is believed, with the happiest results.

Summary.—The Board has under its direction, independent of what it has done for Papal Europe, twenty-two separate missions; fifty-nine ordained missionaries; three licentiate preachers; one hundred and nine male and female assistant missionaries; twenty-nine native helpers; twenty-six churches, and about five hundred native church members; fifty-three schools, and 4050 scholars; six printing presses; and have published more than 6,000,000 pages.

In conclusion, the Board would express the hope, that this work of mercy and love, in which they are engaged, may continue to grow and expand, until the kingdoms of this world shall become the kingdoms of our Lord and his Christ.

Abstract of the Annual Report, presented to the General Assembly May, 1854.

PUBLICATIONS.

During the year ending March 31st, 1854, fifteen new books in the English, and one in the German language have been published, giving a total of 38,250 copies. Nine tracts

in 12mo, and one in 18mo, have been issued, of which 26,000 copies were printed. The reprints of former publications have been 506,500 copies, making a total of 595,750 copies, which makes the total issues of the Board amount to 4,747,650 copies of books and tracts. The Publishing Committee report at the close of the year, March 31st, several other works in course of preparation for the press, and several actually in the printer's hands. But for unavoidable delays, these would have been included in the catalogue of new publications.

A new impression of the 64mo. Hymn Book is in press, whose print is both larger and more distinct; advantages which are very desirable, and which will not materially affect the size of the volume. It will still be adapted for the purposes for which it was designed.

The circulation of the Sabbath-School Visitor has now reached 41,000 copies. It is computed that there are about 150,000 families connected with our Church, and it is highly desirable that this valuable auxiliary to the work of parental and Sabbath-School instruction should be found in every one.

COLPORTEUR ENTERPRISE.

During the year one hundred and fifty-one colporteurs have been in commission, of whom one hundred and forty-four have laboured in twenty-five States, six in the British provinces, and one in India. The distribution of these colporteurs in the several States has been as follows:—*Three* in Maine, *two* in New Hampshire, *twenty-two* in New York, *four* in New Jersey, *sixteen* in Pennsylvania, *one* in Maryland, *two* in Virginia, *twelve* in North Carolina, *six* in South Carolina, *fifteen* in Georgia, *two* in Florida, *one* in Alabama, *one* in Mississippi, *one* in Louisiana, *five* in Texas, *one* in Arkansas, *two* in Kentucky, *one* in Michigan, *six* in Tennessee, *nine* in Ohio, *three* in Iowa, *four* in Indiana, *ten* in Illinois, *four* in Missouri, and *one* in Wisconsin—twenty-five States having been thus included in our field.

Including about 28,000 volumes, and 48,000 pages of tracts, distributed by the Synods of Virginia and Pittsburgh, and 6517 volumes and 381,000 pages of tracts, the amount of donations stated below, the entire distribution of the year amounts to 135,983 volumes, and 1,300,547 pages of tracts. These amounts each exceed one-half of the aggregates for the three years ending March 31st, 1853, and added to those aggregates give the the totals for four years, 373,980 volumes and 3,335,829 pages of tracts.

Our colporteurs have visited 68,185 families, in 15,354 of which they have held religious services. They report 2340 Presbyterian families without the Confession of Faith, and 1603 other families with no religious book other than the Bible. The entire time spent by colporteurs equals forty-one years and a few days.

DONATIONS

Have been made to the amount of $2358.89, viz:—To Sabbath-schools, 2535 volumes; to naval and military stations and ships of war, 142; to humane institutions, 60; literary and theological institutions, 226; ministers, 850; feeble churches, 1376; individuals for gratuitous distribution, 1328. Total volumes, 6517, and 381,032 pages of tracts. These donations are of course exclusive of those made by colporteurs.

The aggregates of donations made since 1847, are, 32,285 volumes, and 1,441,532 pages of tracts.

THE FINANCES

Are in a very healthy condition. The Institution is entirely free from debt, and sustains itself fully.

Receipts from sales, $77,647.37; contributions, $15,867.25; other sources, $10,029.84. This last item includes $6111.09 on account of the *Sabbath-School Visitor*, $1413.75 for distribution of books and tracts, and $1105 for stereotyping certain books and tracts. The total receipts are $103,544.46, exceeding those of last year by $12,052.35, or nearly 14 per cent. The income of the Board has been trebled in ten years. The Board is entirely dependent on the contributions of the churches for sustaining the colporteur enterprise; and it is a subject of regret that these have fallen short of the expenditures by $2,819.75; yet it is pleasing to know that these contributions exceed those of the last year by over $3500; thus manifesting a considerable increase of interest on the subject among our churches. The excess of expenditure has been mainly owing to the settlement of colporteur accounts of former years.

TREASURER'S REPORT.

REPORT OF THE TREASURER OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

The whole amount received by the Treasurer, from May 1st, 1853, to May 1st, 1854, was $11,091.42; making, together with $12,302.46, the balance in the hands of the Treasurer from the last year, the sum of $23,393.88. REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

To the General Assembly of the Presbyterian Church in the United States of America:

The Board of Trustees respectfully report:—That they have had under consideration the several matters referred to them, by the General Assembly of 1853, and which are found upon pages 450, 451, and 457 of the printed minutes; and, that in answer to the several topics of inquiry therein set forth, they are of opinion,

1. That all the trust funds which have been, or be may hereafter committed to the management of this Board, (except in cases where the conditions of the trust, or the resolutions or orders of the General Assembly otherwise specifically direct,) may properly be blended in making investments thereof.

2. That each of the trust funds should, however, form the subject of a distinct and independent account on the books of the Trustees; that each should be debited with its appropriate investments, where it has been the subject of separate investment, or with its proportion of the general and blended investments, where it has been included in investment with others; that it should be further debited from time to time with its appropriate accruing income, and that it should be credited with all monies paid out by the Trustees on account thereof.

3. That a new set of account books should be now opened, and that each trust fund should be therein debited, in the first instance, with the amount now standing in its favour according to schedule D, annexed to the report of the Committee of this Board, herewith submitted.

4. And that, as to the other topics of inquiry specifically included in the resolutions of the General Assembly, the Board adopts the conclusions of the said Committee, as expressed in their said report.

All which, together with the report of the said Committee, is respectfully submitted.

Wm. Neill, President.

Jas. Bayard, Secretary.

REPORT OF COMMITTEE REFERRED TO IN THE FOREGOING COMMUNICATION.

The Committee appointed under the resolution of the Board of Trustees, on the 9th of June, 1853, to consider and report upon the several matters embraced in the recommendation and resolution of the last General Assembly, respectfully report:

That it appears, the subjects referred to your Committee are contained in pages 450 and 451 of the printed minutes of the General Assembly of 1853, being so much of the additional report of the Financial Committee of the Assembly which recommends "That the Trustees be directed to examine the books and covenants in relation to the said several funds, and see which of said funds can be properly blended in making investments thereof, and to what extent; and recommend in what manner they shall hereafter be invested, and the accounts in relation to the same shall be kept, so as to simplify, as far as practicable, the accounts of the Treasurer; and if they shall deem it expedient, to review the statements of the report of the special Finance Committee made to the General Assembly of 1852, in relation to the present amount and value of each of the funds, which is permanent in its character. That said Trustees also endeavour to recommend some plan for restoring the original capital of such of the scholarships under the control of the Trustees of the General Assembly, as have sustained losses upon their capitals, or such of them as cannot properly be united and consolidated with the assent of the donors or their representatives, and to recommend such other measures as to the management of the Finances under the control of the Trustees, as they shall deem expedient.

Also the second resolution, on page 457 of the printed minutes of the last General Assembly; being the remonstrance of the Board of Missions.

Upon the several matters embraced in the preceding recommendation and resolution of the last General Assembly, your Committee have, as far as practicable, bestowed their careful investigation and deliberation. The books and accounts have been examined, and the Ledger has been found to balance. The minute book of the Trustees, commencing with the first meeting, and the printed minutes of the General Assembly, commencing

with the first meeting of that body, have been examined; the covenants have not been within reach of the Committee.

The Committee consider the investment of the funds to be blended: no separation of investments with respect to each can be traced out, except the Nephew, Colt, and Hollond Scholarships, the Boudinot Missionary Fund, and Eastburn's Bequest.

The Committee submit an adjustment, according to the best light the subject can be viewed in. It will be seen, that their plan is to deduct overdrafts belonging to specific accounts, as far as they have been able to trace them out, and then to distribute the loss upon each of the funds or trusts, that are chargeable with loss:—they ascertain the loss they have charged, by adding to the amount at the debit of the profit and loss account in the Ledger, the loss to be sustained on the stocks still held, (of the present value of which they furnish herewith a certificate from two Stock Brokers of high character,) deducting therefrom the overdrafts disposed of as above mentioned. To make an equitable assessment, there should be an adjustment of interest between the different Trust Funds; but this adjustment of interest would now be very difficult, if not impossible, and as the beneficiaries have, so far as they could, acquiesced in the distribution of income amongst them, as being the best that could have been done under the circumstances, the Committee have not felt called upon to undertake to estimate the interest.

The Committee recommend that a new set of books be opened, with the funds and other accounts adjusted, according to the statement now furnished.

The present system of accounts is free from material objection, if the investments, as belonging to each Trust Fund, should in every case be written on the face of the account, in the Ledger; and they recommend, that the Committee of Finance of the Trustees of the General Assembly, be requested to make a periodical examination of the books and accounts.

The next subject submitted to our consideration, relates to the classification of the several Trust Funds, and deciding which can be properly blended in making investments thereof, and to what extent. Your Committee cannot perceive any advantage or necessity for such classification of the Trust Funds for separate investments; the effect thereof would probably be to embarrass the Trustees, by restricting their loans, so as to occasion much trouble, and sometimes loss. The Trustees are exclusively the legal party; in their name all loans must be made and securities taken. It is always important to obtain the first mortgage or security on real estate, and to accomplish this, it is necessary to offer large sums. It might so happen, that the funds of any class we might designate, would be insufficient, when the amount, to be invested from all sources, would, in the aggregate, secure a safe investment. Sometimes, from the smallness of the sum, it might be impossible to effect a loan, and it would have to remain uninvested, and occasion a loss of interest, when by union with other Trust Funds, it would be productive. But as the loans, if made of the funds, of classes of trusts which we might designate, would always be in the name of the Trustees, and the interest of the trust could only be apparent by indorsement, the classification would seem to be productive of no other result than that of multiplying the number of mortgages in the hands of the Trustees, when the object would be as well and better accomplished by a single mortgage, and the risk more generally distributed. Your Committee, therefore, (when the author of the trust has not otherwise specially directed,) in lieu of the classification, recommend that when any investment covers more than one trust, that the amount of interests of the several trusts should be indorsed on the mortgage or ground rent; and they advise, that the direction of the General Assembly to the Trustees to invest separately, be rescinded, and that hereafter all investments shall be made on first mortgages and ground rents.

The Committee have reviewed the report and statement of accounts furnished by the special Finance Committee made to the General Assembly in 1852. We should have been relieved from much of the difficulty incident to the subjects of our investigation, if we could have adopted the basis on which it is founded, by discovering that the distribution of the trust funds, as therein stated to have been made in 1835, had been so made or sanctioned by order of the Trustees. But, from the best information we have been able to obtain, this distribution and apportionment of the trust funds was probably made by the Treasurer, without the order of the Trustees, and therefore has not been followed by such subsequent action as to indicate that the blended condition of the trust funds was thereby determined. The statement made by that Committee on page 377 of printed Minutes of Assembly in 1852, "that the stock and other securities held, were in 1835 apportioned among the several funds," we have not been able to regard as well founded, especially, when accompanied with the remark, "that no distinct or separate account is

even yet kept, in a Ledger regularly posted up, of the amounts due, received, and paid on account of each fund."

For the purpose of ascertaining whether, at any time, the stocks and other securities had been apportioned among the several trusts, we made a full examination. Although, in some of the annual reports of the Trustees, it is said detailed statements of the several trust funds were exhibited, yet, after diligent search, we have failed to obtain such statement, either from the Minutes of the General Asssembly, or of the Trustees, or from the papers filed. In the absence of any information showing an authorized distribution, we have concluded, that none has been made, and that, as we have stated, the invested funds are blended. It necessarily results from this conclusion, that whatever losses occurred, from the purchase and sale of securities or stocks, must fall generally on all the funds, in proportion to the capital of each invested, and that the overdrafts made for the benefit of any fund, will be a legitimate charge against such fund.

There are a few trusts, whose funds have been separately invested, in conformity with the special directions of the authors of the trusts; they are not included in the average, but will remain as heretofore. And the items numbered 40 to 55 in the tabular statement D, with the exception of 54, are also excluded.

The Committee recommend that the losses be repaired, and that the original capital of the trust funds should be made good. We can suggest no other mode than the appointment by the General Assembly of a special Committee for that purpose.

The remonstrance of the Board of Missions has been considered, in connection with the whole subject, and the principles adopted in this report, by your Committee, will afford the relief sought.

The Committee recommend that a duplicate sett of books be made, (to be designated duplicates;) that they may be forwarded to any point, where the General Assembly may see fit to meet—leaving the originals in a secure place; and they ask that attention should be given, to provide a safe place for all the books and papers of the General Assembly and Board of Trustees.

The Committee have found, in the course of the examination of the Minutes, reference made to property, about which they found no particulars; for instance, they find no distinct record in the books of the real estate under charge of the Trustees; would it not be well to take some measures to ascertain what real estate is held by the Trustees, and how it is situated?

Your Committee would also remark, that they consider the practice of assessing the contingent expenses of the Board of Trustees, upon the different funds, is open to serious objection; and if these expenses could be provided for in the same manner as the Commissioner's Fund of the General Assembly, or in some other way, it would be desirable.

The Committee furnish their notes of examination, as they may be useful.

The result of the labours of your Committee will be found in schedule A to D, inclusive, appended to this report.

The Committee have received valuable assistance from Mr. Edelman in this investigation, and they bear testimony to his skill and zealous desire to advance the interests of the Church.

MEMORIAL TO THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH OF THE UNITED STATES OF AMERICA, 1854, ON THE FINANCES.

The undersigned, one of the special Committee of Finance, appointed by the General Assembly in 1851, requests the privilege of presenting to the General Assembly, and of entering upon their printed Minutes, some statements in regard to certain opinions expressed in the Report of the Board of Trustees of the General Assembly of the present year, so far as said opinions relate to the *basis of the Report* made by the special Committee to the Assembly of 1852.

The funds of the General Assembly were principally invested in mortgages and other authorized securities of the State of Pennsylvania, until the years 1834 or 1835. Such investments were also kept separate, so that each Trust Fund was charged with its proper capital, and received its income according to its capital. In the years 1834 and 1835, when the Trustees made new investments, they threw all the funds into a common stock, and managed their affairs on the principle of making *pro rata* dividends. It appears, however, that in 1835, a distribution was made of their property among the several Trust Funds, so that the true position of each fund could be readily ascertained at any future time.

The Assembly of 1851, wishing to restore to each fund its true capital, appointed a Special Committee of Finance to inquire into the matter. This Committee adopted the distribution of 1835, as the true basis on which each fund was to recover its capital, after deducting the losses which have subsequently accrued. The Committee further maintained, that the Board of Trustees had no right to manage the funds in this blended form; one of the unjust results of which was, that after the assets of some funds were lost and others remained whole, an equal dividend of losses was made. It was believed by the Committee that the stock which was safe, was not justly chargeable with the losses on stock which proved to be bad. The Report of the Trustees of the present year adopts as its basis the distribution of the blended stocks to their several funds on the principle of dividing losses among all the funds, and then giving to each its proportion of the remainder.

The question is, Was the distribution of the property of the Board among the several funds in 1835 an authorized distribution? The Report of 1852 is based upon the assumption that the distribution was by authority.

The report of 1852 is drawn up from the detailed statement entered into a book of the Treasurer of the Corporation. The distribution of the property among the several Trust Funds is recorded from the very beginning, in 1802, when investments were first made. Many new investments were made in 1834 and 1835; and the interest or right of each fund in the new investments is recorded, even to *fractions of shares* of stock. This distribution of the property which, it will be noted, was made before any losses occurred, appears on the book of the Treasurer of the Corporation, which book was furnished to the Special Committee of the Assembly, from the Treasurer's Office. The undersigned believes that this distribution in the Treasurer's book must be taken at this day to have been made and adopted by the Corporation, unless the contrary appears. A Corporation cannot, after so many years, repudiate so important an act as this, recorded by one of its own officers, and acting *prima facie* under its eye and authority. There must be at least some *evidence* that the act was unauthorized. The *onus probandi* is on the other side.

Two facts, undisputed and indisputable, stand in view. First: The Board of Trustees did authorize, and did make a distribution of its funds corresponding in character to that in the Treasurer's book. The Committee of 1854 admit, that "in some of the Annual Reports of the Trustees, *detailed statements of the several Trust Funds* were said to be exhibited." This fact is, indeed, distinctly recorded in the Report of the Trustees, made to the General Assembly in 1836, and found on page 304 of the Minutes, as follows: "A *detailed account* of the several investments of stock and other *securities appropriated to the different funds*, is also furnished." And that these financial exhibits were sanctioned, not only by the Financial Committee for the year, but by the Board of Trustees also, appears from the following additional clause: "*To these exhibits* the Trustees respectfully refer the Assembly for particular information in relation to the state of the several funds under their charge." There can, therefore, be no doubt whatever that a distribution o

the property of the Board among the several Trust Funds was actually made, and *sanctioned by its authority*, as appears by the last resolution.

The SECOND fact is, that a book is now in the Treasurer's Office, which contains a financial exhibit, corresponding in all respects to the references made to it in the Report of the Trustees to the Assembly of 1836. This exhibit, furthermore, was made in the same financial year in which the Report, referring to it, was presented to the Assembly, and it is admitted by all to be in the handwriting of the Treasurer.

These two facts it is very difficult to set aside. The Committee of 1854 state they have made "diligent search" for these financial exhibits accompanying the Reports of the Board; but they have failed to obtain them "either from the Minutes of the General Assembly, or of the Trustees, or from the papers filed." The undersigned respectfully suggests whether there is not a fourth place, where a search might have been advantageously instituted, namely, *among the books of the Treasurer's Office*. The official place of the accounts does actually contain exhibits exactly like those referred to, and they are recorded by the official officer of the Board.

The suggestion of the Committee of 1854, that "the distribution and apportionment of the Trust Funds was probably made by the Treasurer *without the order of the Trustees*," the undersigned, with all due submission to the authority of the honoured members of the Committee, considers entirely untenable in view of the two facts already presented. He will further state, that this distribution is recorded, with every appearance of the same official sanction as all the other recorded transactions. It has its place in a book which contains official reports, balances, certificates of settlements, &c., and is headed "Accounts of the stocks of the Trustees of the General Assembly, May 9th, 1835." If this distribution was "probably made by the Treasurer, without the order of the Trustees," then many other very improbable things are equally probable. Besides, the undersigned would deem it a serious impeachment of the mode in which the Board transacts its business, to suppose that such illegal and impertinent intermeddling of the Treasurer should not only never have been rebuked by the Board, but have been allowed to stand upon its official records, unaltered to this day.

The Committee of 1854 assert that the subsequent distribution of the *income* of the Board on the principle of blended investment, proves that no distribution of the *capital* was made in 1835. This Committee, however, have already admitted that "in some of the Annual Reports, detailed statements of the several Trust Funds were said to be exhibited;" and the Report of the Trustees of 1836 declares that there was attached to it a "detailed account of the several investments of stock and other securities, appropriated to the different funds." The inference of the Committee of 1854, that the subsequent blending of the funds shows that the distribution was without authority, cannot be correct and valid; for the Report of 1836 says that *such a distribution was actually exhibited* to the Assembly in that year, although the income for that year was distributed on the principle of blended investment.

The Committee of 1854 state, that there is no special vote on the minutes of the Board authorizing the distribution on the Treasurer's book. To this objection, the obvious reply is, that the subject was under the control of the Finance Committee and the Treasurer—that the latter was subject to the authority of the former—and that the exhibits made by their joint action were presented to the Board of Trustees, who approved of the whole Report and its documents, and ordered it by a specific vote to be sent up to the General Assembly. The Board thus confirmed the Report of the Finance Committee, and sanctioned the distribution.

The fact that this distribution of the funds among the different trusts was authorized, is further established by the transactions of 1839. In 1839, the Board of Trustees appointed a Committee to ascertain the condition of the funds in the following words: "Resolved, That ——— be a Committee to ascertain and report to this Board what are the funds in the possession or custody of this Corporation; and from what sources, in what manner, and on what trusts the same have been received." This Committee was subsequently "authorized to employ some person to prepare a detailed statement thereof, under the direction of the Committee." The information presented in the elaborate Report, made by this officer, selected by the Committee, who was no other than the *Treasurer himself* (a new Treasurer appointed in 1836,) corresponds with the financial exhibits of 1835, and thus gives the testimony of at least two Treasurers of the Board that the basis of the Report of 1852 is the true one.

The undersigned further states, that the Report and the accompanying exhibits, made by the Trustees in 1836, received the sanction of the Assembly on June 2d of that year.

The Financial Committee of the Assembly reported that they have examined the books of the Treasurer and find them in perfect order, *exhibiting all the different funds of the Church* in a clear and perspicuous manner," &c.; whereupon the Assembly adopted the following resolutions, viz: "Resolved, That the General Assembly *approve the proceedings* of the Board of Trustees, as *detailed in the Report* of May 10th," &c. Even if the distribution, found on the books of the Treasurer of that year, had been an altogether arbitrary one, and originally made by the Treasurer without authority—neither of which suppositions is admitted by the undersigned—yet the General Assembly had a right to sanction that distribution. If the blended funds could not be all distinctly traced, the Assembly had the right *ex necessitate rei* to order an equitable distribution. Such a distribution appears on the Treasurer's book in 1835—it is distinctly alluded to in the Report of the Trustees of 1836—and it was sanctioned by the Assembly of 1836—as has been shown. If these facts are so, then the rights of the *cestuy que* trusts must be held to have VESTED, and cannot now be lightly set aside. Notwithstanding the subsequent blending of the income of funds, it is believed that the Assembly should go back to the distribution, made in 1835, before any losses accrued, and to require that *henceforth* the income be disbursed according to the distribution of the principal of each separate fund, as it then appeared on the books of the Corporation.

The undersigned begs leave to say, in conclusion, that he has no desire to prolong a controversy, which practically makes no very great difference in the amount of the different trusts, however it may be decided. If the General Assembly shall adopt the basis of the Report of the present year, and undo the proceedings of 1852, all parties will probably regard it as a final settlement of the question. In making the statements contained in this paper, the sole object has been to show that the basis of the Report made to the Assembly in 1852, is correct.

If the Report of 1854, controverting the basis of the Report of 1852, is printed in the Minutes of the Assembly, the undersigned, in justice to the former Committee, requests that this paper may go along with it; the Report of 1852 having assumed the distribution of 1835 to be correct, without supposing at that time that there was any necessity for stating the reasons of their opinion.

All of which is respectfully submitted,

C. VAN RENSSELAER,
A Member of the Committee of 1852, and a Trustee of the General Assembly.

The above paper having been read in my hearing; I concur in its statements, and authorize my name to be attached to it.

Also, Daniel McGilvary, Warren S. Blauvelt, and James M. Chaney, who had not graduated.

The whole number of students, whose names have been on the roll during the whole, or a part of the session, is 107; besides two resident licentiates, who have attended on the instructions of the Seminary.

One student, viz., Alfred Philips, died in the Seminary in the course of the session.

In regard to the religious character and deportment of the students, the Professors reported to the Board, that these have been consistent and exemplary; the meetings for spiritual improvement have been maintained with the usual frequency and seriousness; and some of the students have devoted themselves to the work of Foreign Missions, and others have the matter under prayerful consideration.

The Professors also reported, that "a very unusual number have left the Institution before the close of the present session, which is attributable, in some cases, to a partial failure of health; but in a greater number, to a desire to abridge their course, consequent upon the early period of their licensure, or by encroaching upon the end of the term to gain a larger time for employment yielding pecuniary profit, than the vacation would itself afford."

At the close of the session, the students were examined for a week, in presence of a Committee of the Board. The Committee reported to the Board, that "the examinations were, in the main, well sustained, and so as to reflect credit upon the Professors and their pupils.

Certificates of having finished the whole course prescribed in the Plan were conferred on the following *fourteen* young men, viz:—Andrew H. Barkley, Charles W. Cooper, Charles H. Foote, John C. Graham, John Jones, Ebenezer D. Junkin, William F. Junkin, William Life, Isidor Loewenthal, Joseph H. Mathers, Robert McMullin, Samuel H. McMullin, Andrew B. Morse, and Joseph G. Symmes. The above *fourteen*, who continued in the

Seminary until they had completed the full course of three years, belonged to a class that at one time numbered more than *thirty*.

The Board have to inform the Assembly, that the Rev. Dr. Henry A. Boardman, who was elected by the last General Assembly, Professor of Pastoral Theology, Church Government, and the Composition and Delivery of Sermons, has declined his appointment, and the Professorship is therefore still vacant. The letters of Dr. Boardman, declining the appointment, are herewith laid before the Assembly. In consequence of this declinature, the Board made temporary arrangements for the performance of the duties of the vacant chair. Dr. Hodge has given instruction in Church Government, Professor Green in Pastoral Theology, and the Rev. Dr. Hugh N. Wilson in the Composition and Delivery of Sermons.

The Board, at their present meeting, unanimously passed the following preamble and resolution, viz:

Whereas, The Board have learned that there will probably be a proposition presented to the approaching General Assembly, to limit the Professors in our several Theological Seminaries to the number of *three*,

Resolved, That in the opinion of this Board, the interests of this Seminary require that the number of Professors therein should be *four*.

The Board have also to inform the Assembly, that after deliberate consideration, they resolved to recommend to the Assembly a person to be elected to fill the vacant Professorship, when the Rev. Dr. *Alexander T. McGill* was unanimously recommended.

The Board have only further to report, that the term of office of the following Directors expires during the sessions of the Assembly, viz:

Ministers.	*Ruling Elders.*
John N. Campbell, D. D.	Lewis W. R. Phillips,
George Potts, D. D.	Ebenezer Platt,
John Johnston, D. D.	Ira C. Whitehead.
John McDowell, D. D.	
Daniel V. McLean, D. D.	
William Neill, D. D.	
Hugh N. Wilson, D. D.	

Respectfully submitted.

Signed by order of the Board of Directors,

JOHN McDOWELL, *Secretary*.

TWENTY-SEVENTH ANNUAL REPORT OF THE BOARD OF DIRECTORS OF THE WESTERN THEOLOGICAL SEMINARY.

The Board of Directors of the Western Theological Seminary report to the General Assembly, that since the last Annual Report the following twenty-two students have been regularly matriculated:

William F. Culbertson, graduate of Jefferson College, Pa.
John D. Caldwell, " " "
W. B. Craig, " " "
J. H. Clark, " " "
C. Woodward Finley, " " "
William E. Hunt, " " "
John M. Jones, " Washington College, Pa.
Nathaniel Lyons, " " "
George B. Newell, " Jefferson College, Pa.
Robert Mitchell, undergraduate, Armagh, Ireland.
Alexander T. Marshall, graduate, Washington College, Pa.
J. W. McGregor, " New York University, N. Y.
Samuel Patterson, " Jefferson College, Pa.
Frank H. Power, " Washington College, Pa.
Alexander Reed, " " " "
G. Sherman Rice, " Jefferson College, Pa.
Mat. B. Riddle, " " "
Thomas B. Van Eman, " " "
John E. Woods, " " "
Samuel Williams, " Washington College, Pa.
Alexander Sinclair, undergraduate, Nova Scotia.

Besides these, John Hochuley, graduate of Kenyon College, and connected with Gambier Theological Seminary, and the Protestant Episcopal Church, attended partially to the studies of the senior year.

The highest number on the roll was 54. The highest number in actual attendance during the year, at any one time, was 49.

The following seven students have completed the regular course of studies prescribed, and received the usual certificate awarded to such, viz:—James Caldwell, David Hall, Alonzo Linn, Joseph Mateer, William F. Morgan, James L. Wilson, and W. Swan Wilson.

The Faculty report to the Board, that John M. Barnett, James W. Hanna, Edward H. Leavitt, and Thomas H. Robinson, although enrolled in the senior class, and substantially entitled to credit as regular students, having been absent from actual attendance more than comports with a fair enforcement of rules, are hereby reported as less complete than the foregoing so far as relates to a formal certification.

The students were examined at the close of the year in the presence of a Committee of the Board, who report their approbation of the examinations so far as the time allotted permitted them to be continued, while they regretted, both on account of the Professors and students, that the time did not allow them to be more extended and particular.

The Faculty report that there has been good order, good health, and becoming diligence in study among the students in actual attendance; also considerable interest has existed in missionary inquiry; and several students, we believe, entertain the purpose of giving themselves to the foreign field.

The Faculty again call the attention of the Board to the irregularity of attendance, and frequent interruptions in the studies of the young men in the Seminary, as a great evil, and suggest for their consideration the propriety of a change in the term of study and the length of the sessions, as a remedy for this evil, so as to have the term made six months in the year, and the course protracted to four years, instead of three.

For the views of the Faculty and the action of the Board on this subject, see Records of the Board of Directors.

The Board further report, that the Rev. Alex. T. McGill, D. D., accepted the Professorship to which he was re-elected by the last General Assembly, and entered on his duties at the opening of the term.

The Rev. John Hall, D. D. has declined the Professorship to which he was elected by the last General Assembly.

The Rev. Isaac M. Cook, a member of the Board, departed this life during the past year.

During the past year two dwelling-houses for Professors of Theology and Oriental and Biblical Literature, have been erected and paid for, and are now occupied by those Professors, respectively. The means for this improvement have been derived, first, from the sale of a farm in Mercer county, Pennsylvania, which was given by Jas. S. Spencer, Esq., of Philadelphia, for the express purpose of erecting a house for the Professor of Theology, and the following donations, by subscription, viz:—Rev. Dr. Beattie, $1000; Rev. Professor Jacobus, $500; Henry M. Alexander, Esq., John C. Green, Esq., Wilber and Scott, and Mrs. H. E. Beattie, $250 each; Wm. M. Lyon, $100; G. B. Lamar, Rev. Dr. J. C. Lowrie, George P. Smith, G. E. Warner, James Laughlin, Stephen Colwell and George Chambers, each, $50; James Wilson, James P. Wallace, Henry Butler, John Laidlaw, J. H. Shepard, C. H. Rogers, George G. Sampson, D. Kimberly, Rev. Dr. Van Rensselaer, J. N. Dickson, Wm. Dulty, George W. McClelland, B. A. Fahnestock, B. R. Bradford, H. Lee, R. T. Kennedy, T. H. Nevin, Rev. D. E. Nevin, James Park, jr. R. Dalzell, Robert Beer, J. Irwin, jr., H. Irwin, and A. Laughlin, $25 each.

Smaller donations in New York and Brooklyn, amounting to $108. Through Dr. Elliott, $257. Balance by Rev. Dr. Beattie, $685.

Arrangements are being made to erect a dwelling house for the other Professor, and the necessary funds are pledged to meet the expense. The expense of graduation and leveling of the ground (which will be considerable) has been assumed by John T. Logan, Esq.

The most memorable event in the history of the year, was the calamitous conflagration of our edifice, which occurred on the evening of the 23d of January, not only destroying our buildings and almost the whole of our Library, but consuming the furniture and much of the clothing, books &c., of the students.

The loss of property, both to the Institution and individuals, was very great, and equally so the inconvenience. The Board of Trustees immediately took measures, and with other citizens of Pittsburgh and Allegheny, provided by a subscription of more than a thousand dollars for remunerating these losses and inconveniences of the Students and Steward.

Since the destruction of our buildings, the Institution has been generously accommodated by the use of rooms in the basement of the First Presbyterian Church, Allegheny City, for recitation and the accommodation of the Library.

The Insurance offices, without difficulty, made arrangements to pay the respective amounts on the building and Library; but this by no means covers our losses or provides for the necessary replacement of property. Appeals were made to individuals and the Churches, which, we trust, are in the way of being met, in many quarters, with considerable liberality. Contracts have been made for the erection of a new edifice on the reserved ground, to contain rooms for recitation, library and some dormitories for the Students; and we hope, in God's good providence, this calamity may be issued in a greater interest for the Seminary among the Churches and enlarged benefactions towards it.

Nothing has been done towards the endowment of a fourth Professorship, nor do we see what provision could be made under present circumstances for the support of an additional Professor, however desirable it might be for the interest of the Seminary.

In addition to the Scholarships reported last year, we have the Ohio Smith Scholarship, founded by the bequest of Mr. Robt. W. Smith, of Fairfield Co., Ohio.

Additions to the Library:—From Rev. Ebenezer Finley, 1 vol. Rev. N. West, D. D., 1 vol. Rev. J. M. Olmstead, 1 vol. Professor Bache, 1 vol. Smithsonian Institute, 1 vol.

FIRST ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE DANVILLE THEOLOGICAL SEMINARY, TO THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH.

Danville, Ky., May 9th, 1854.

The Board of Trustees of this Theological Seminary, in submitting its first Annual Report to the General Assembly of the Presbyterian Church in the United States of America, in the first place, direct the attention of that venerable body to its own order, passed on the 30th of May, 1853, by virtue of which it became the duty of this Board to organize itself, under the charter granted by the Legislature of Kentucky; and also to the eleventh section of said charter—now submitted, along with an amendment thereto, making the charter perpetual—which section makes it the duty of this Board to lay before the General Assembly, at least once every year, an exact statement of the accounts and funds of the Corporation.

On the 25th of February, the amended charter was approved by his Excellency, the Governor of Kentucky; and on the 8th of the next month, (March) the Board of Trustees met in Danville—constituted under the charter—and commenced the regular discharge of its duties.

The Board found the Danville Seminary already organized and in successful operation. It also found two previous charters in existence, both of them of great value, which had already been used for the purposes of Theological Education, by the Synod of Kentucky. The first of these, granted by way of an amendment to the charter of the Centre College of Kentucky, was passed in 1824, and placed no limit to the amount of funds that might be held by that Corporation for Theological Education. Under this charter, the Synod of Kentucky had invested, a number of years after, the sum of $5,500, which sum is still held by that Corporation; and by the agreement of the said Synod, and by virtue of arrangements already perfected, the interest of that fund is to be paid half yearly into the Treasury of this Board, for the use of the Danville Theological Seminary.

The second charter alluded to above, was granted in 1850, to the Trustees of the Theo-

logical Fund of the Synod of Kentucky; and under it that Synod had invested the sum of $21,694, which amount is still held by that Corporation; and by the agreement of that Synod with the General Assembly, already cited, arrangements have been made in regard to the semi-annual interest of this fund, precisely similar to those already spoken of, with regard to the other and smaller fund. It is devoted to the perpetual use of this Seminary.

These two funds were liquidated on the 1st of January, 1854. They amount together to the sum of $27,194, producing an interest of $1,631.64 per year, payable half yearly.

The Boards of Trustees of both the above named Corporations are elected by the Synod of Kentucky. The members of this Board of Trustees are elected by the General Assembly itself; to obtain which result was one great reason for seeking the charter under which this Board acts. The charters of both the other Boards of Trustees are laid before the General Assembly, with the charter of this Board.

It is probable that the greater part of the funds that may be collected directly for the Danville Theological Seminary, if not the whole of them, will be placed in the hands of this Board. The funds formerly collected by the Synod of Kentucky, as above stated, will, it is presumed, remain in the hands of the Corporations heretofore entrusted with them, the interest of them being paid over half yearly to this Board, which will take the immediate management of all other funds and property of the Seminary.

There has been considerable effort made to raise funds in the bounds of the Synod of Kentucky within the year now closing, and that effort has been attended with great success. The following statement will present the actual result, up to this time, in a clear point of view.

1. Funds held by the Synod of Kentucky, before the overture made to the Assembly of 1853, by the Commissioners from Kentucky in that Assembly, to raise $60,000, upon condition of the location of the Seminary at Danville, and its support and control by the Assembly, to wit:

Funds in the hands of the Trustees of Centre College, - - -	$5,500 00
Funds in the hands of the Trustees of the Theological Fund of the Synod of Kentucky, - - - - - - - - -	21,694 00
Total of old Fund, liquidated on 1st January, 1854, and bearing interest from that date, payable half-yearly, - - - - -	$27,194 00

2. Funds raised in Danville and its immediate vicininty, part of the basis of the offer made to the Assembly in 1853, to wit:

Subscriptions partly collected, chiefly reduced to bonds, and bearing interest from September 1, 1853, payable half yearly, - - -	$20,000 00
Stocks, the par value of which is as here stated, but which at present are not productive, being in unfinished public works, - - -	1,600 00
Land, 10 acres in the immediate vicinity of Danville, which can be sold for	2,000 00
Total of Funds collected in Danville and vicinity for the Theological Seminary under the care of the General Assembly - - - -	$23,600 00

3. Funds collected under the effort made through the Endowment Committee of the General Assembly, the general result only being reported to the Board of Trustees, and the work being as yet in an unfinished condition, as will more fully appear by the report of the Endowment Committee to the General Assembly, to wit:

Collections and subscriptions in the bounds of the Presbytery of Louisville,	$9,000 00
Collections and subscriptions in the bounds of the Presbytery of Transylvania, excluding Danville and its immediate vicinity, - - -	7,075 00
Collections and subscriptions in the bounds of the Presbytery of West Lexington, - - - - - - - - -	6,165 00
Collections and subscriptions in the bounds of the Presbytery of Ebenezer,	3,834 00
Total of collections and subscriptions in those four Presbyteries; the work reported unfinished in them all, and no effort as yet made in the Presbyteries of Muhlenburg and Paducah.	$26,074 00
Making the total funds of the Danville Theological Seminary, as reported through Board of Trustees, - - - - - -	$76,868 00

The precise condition of the Fund of $26,074.00, contained under the third section of the above statement, as to its accruing interest, has not been, as yet, reported to this Board

from the four Presbyteries in Kentucky, in which the whole of it has been secured. Some part has been paid in money; a still larger part in the form of bonds; and a portion, including all the balance, is in written subscriptions.

It is the purpose of the Board to go on, under the charter granted to them by the Legislature of Kentucky, and in obedience to the acts already passed, and such as may be hereafter passed by the General Assembly of the Presbyterian Church, with the collection of funds for the Seminary, until a sufficient amount shall be raised to accomplish in an economical, and yet a complete and permanent manner, the objects contemplated by the Western Synods in seeking from the Assembly the establishment of this Seminary and those designed by the Assembly in its erection. In doing this the Board of Trustees will be happy to co-operate with the Committee of Endowment appointed by the Assembly of 1853, or with any committee, at any time appointed, by any Assembly.

It is proper also to state, that in executing this part of its duty, the Board of Trustees feels that the whole Presbyterian Church is the field open for its efforts; and that, in the terms of the acts of Assembly creating this Seminary, while those churches which lie in the wide region which will be first and most largely blessed by it, may be expected to be most deeply interested in it, yet the prompt and efficient liberality of all the churches under the care of the Assembly may be relied on, in a matter which deeply concerns the whole Church, and which the Assembly declared was undertaken under the manifest leadings of divine Providence. As yet, nothing has occurred to weaken, in the smallest degree, the conviction so strongly felt and so clearly expressed by the Assembly of 1853, that through the blessing of God, "what has been projected can be surely executed." On the contrary, four Presbyteries, in a single Synod, have, within a year, raised about $50,000 for the object; and although this cannot be taken as a sample of what may be expected from more distant Presbyteries, yet we dare to hope, and see no reason to doubt, that it is a true and fair indication of what the Lord will put it into the hearts of his people to do in a work which, according to the deliberate judgment of his Church, so deeply concerns his own glory.

The time which has elapsed since the organization of this Board—about two months only—is too short to have enabled it to gain such an insight into the detail of the expenditure which will be necessary to carry on the Seminary, as would make any regular statement, in the form of an account, possible at this time. The main item of annual expense must always be the salaries of the Professors, to which at present something must be added, for the agencies necessary in obtaining further donations, and collecting subscriptions. Heretofore, the large subscriptions taken up have been secured almost entirely by the official action of the church courts, the voluntary agency of the friends of the Seminary, and the spontaneous liberality of the people of God; and the great liberality of the Board of Trustees of the Centre College of Kentucky, has saved this Seminary much expense, while it furnished its professors and students with conveniences and comforts in the discharge of their duties, without which they would have been extremely embarrassed. Without attempting, therefore, to enter into detail upon this part of the subject committed to this Board, a single statement will place the whole matter clearly before the Assembly. When the Assembly of 1853 met, there was no fund, no charter, no Board, no Seminary; when the Assembly of 1854 met, there was a Seminary, with three teachers, and twenty-four regular students, which had concluded its first year of instruction; there were adequate charters and Boards, and there was a fund of nearly $77,000 secured, and the greater part bearing interest, and there were no debts. Having such a pecuniary position within a year, it would not only be faithless, but childish, to feel serious anxiety about the question of current expense for the future.

The actual condition of the Seminary has obliged the Board of Trustees to make provision for its accommodation, in advance of the erection of permanent buildings for it. It has therefore purchased, in the town of Danville, improved property, very suitable to this object, which can be occupied indefinitely, as the future interests or necessities of the Seminary may require, and which may be sold again, as it is hoped, without loss, whenever the Seminary shall have been provided with those permanent accommodations which form a part of its plan. The funds employed in this purchase, are a part of the funds of the Seminary, and will be returned to those funds when this property is sold: in the mean time, the only loss, even of income—if any—will be the difference between the interest on the cost of the property, and the rent of the rooms occupied by students in it. The aggregate cost of the property, including certain necessary repairs—the exact amount of the latter not being known at present—will come short of $4,000: the facili-

ties afforded, sufficient for the present, and capable of accommodating a class of sixty students, with all public accommodations, and about twenty of them with lodging.

By the 7th section of the charter of the Seminary, this Board of Trustees is empowered to take charge, manage, and dispose of any property or funds committed to them by the General Assembly, for other objects than the Danville Theological Seminary; and in all such cases as fall under this section, the General Assembly has power to give special directions, which this Board is required by its charter to obey, in the management and disposition of everything thus committed to it. In other words, this Board, besides its functions as a Board of Trustees for the management of the special pecuniary interests of the Danville Theological Seminary, is competent to be a Board for the management of any property or fund which the Assembly may see fit to commit to its hands: the Assembly being thus provided, in it, with a perpetual corporation in the West, both special and general in its character.

Acknowledging its entire dependence on God, and offering to the General Assembly its congratulations on the work already accomplished, and the prospect of greater things yet to be achieved, this Board holds itself prepared to attempt, under the general direction of the Assembly, whatever may be thought best, in the promotion of the object, a portion of which has been specially committed to its care.

All which is respectfully submitted.

By order of the Board,

J. T. Boyle, *Secretary.*

REPORT OF THE COMMITTEE OF ENDOWMENT OF DANVILLE THEOLOGICAL SEMINARY.

The Committee appointed by the last General Assembly to take charge of the whole matter of raising funds to endow the Danville Theological Seminary, report as follows:

The Commissioners from the Presbyteries in the Synod of Kentucky, to the last General Assembly, pledged the people and Synod of the State, on condition that the Assembly would establish at Danville a Theological Seminary of the first class, to give the sum of $60,000 towards the endowment of three chairs in the Institution.

The Report of the Trustees of the Seminary, which will be laid before the present Assembly, will show that this pledge has been redeemed by raising a sum which, with funds before secured and now dedicated to this object, amounts to more than $70,000. The amount received under the immediate direction of this Committee, in notes, subscriptions, and cash, amounts to about $27,000.

The agency employed has been voluntary and unpaid, except a single person for a few weeks special service, at a small expense. The effort has been wholly confined to the Synod of Kentucky.

The Synod of Nashville has engaged to raise the sum of $25,000, and instituted an agency to that work, to which this Committee gave its cordial concurrence; but having received no account of its operations, we are unable to report them to the Assembly.

A Board of Trustees for the Seminary, with ample powers, having been created by the Legislature of Kentucky, we respectfully suggest that this Committee be discharged, after having settled its accounts with the said Board, and that the further work of endowment be committed to that Board.

In behalf of the Committee,

W. L. Breckinridge, *Chairman.*

REPORT OF THE COMMITTEE ON THE CHARTERS, COVENANTS, &c., RELATING TO THE DANVILLE THEOLOGICAL SEMINARY.

The Committee appointed by the General Assembly of 1853, consisting of the undersigned, along with Thomas W. Bullock, Benjamin Warfield, Richard Pindell, James Matthews, J. Wood Wilson, John A. Lyle, and John D. Matthews—any three of whom were authorized to act as a quorum—has, in obedience to the order of the Assembly passed on the 30th of May, 1853, executed the whole of the duties required by said order; and now submits the statements which follow, as a succinct account of its proceedings:

1. On the 30th of June, 1853, four members of this Committee, along with three members of the Board of Trustees of the Centre College of Kentucky, acting as a Committee appointed by that Board, executed and signed an agreement between that Corporation and the General Assembly, agreeably to the terms of the order, under which the Committee of the Assembly was appointed. That agreement has been ratified by the Board of Trustees of the College, and by the Synod of Kentucky, under whose care the said College is conducted, and it is now laid before the Assembly for its approval. It will be seen that it secures very important advantages to the Danville Theological Seminary; and that, on the other side, the interests of the College, which are likely to be promoted by the said agreement, are interests which the General Assembly earnestly desires to promote.

2. On the 12th of October, 1853, three of the four members of the Committee of the Assembly, who had executed in its name the agreement alluded to in the last preceding paragraph, acting with a Committee of four members of the Synod of Kentucky, appointed by that venerable Court, then in session, executed and signed an agreement between the General Assembly and that Synod, in the terms of the order of the General Assembly; which agreement was ratified by the said Synod, and it is now submitted to the Assembly for its approval. It will be seen that this agreement puts at the disposal of the Assembly, upon the terms stated in its own acts of 1853, touching the Danville Theological Seminary, two important charters, and a large sum of money, (*about* $27,000) for the perpetual use of said Seminary.

3. On the 28th of January, 1854, the Governor of the Commonwealth of Kentucky approved the charter granted by the Legislature of that State; and on the 25th of February, 1854, he approved the amendment to said charter passed by said Legislature; both of which were obtained by said Committee of the Assembly, under the order already several times alluded to; and which charter and amendment thereto are now submitted to the Assembly for its approval. This charter is of the most extensive and liberal description, and when taken in connection with the two which are mentioned in the two preceding paragraphs, leave the Assembly nothing to desire in the way of legal facilities for carrying on, not only the Danville Theological Seminary, but other great enterprises, to which the Assembly may see fit to direct its efforts in any portion of the Church.

4. On the 8th of March, 1854, the Board of Trustees created by the Legislature of Kentucky, as stated in the last preceding paragraph, following the order passed by the Assembly on the 30th of May, 1853, met, constituted, and took charge of the funds collected for the Danville Theological Seminary; a result which the previous agreements between the Committee of the General Assembly and the Trustees of Centre College, and the Synod of Kentucky, herein before explained, had greatly simplified and facilitated.

5. As the Assembly's Committee on the Endowment of the Danville Theological Seminary, and also the Board of Directors and the Board of Trustees of that Seminary, will, no doubt, each report to the General Assembly of 1854, it is the less necessary for this Committee to go beyond the line of its immediate duty, in making any general statements in regard to the result of its several efforts herein before set forth. It may not be out of place, however, to state, that besides what has been done in the actual organization of the Seminary, the aggregate of collections and subscriptions of all sorts, taken up for it within a year, in the State of Kentucky, and which will pass almost entirely into the hands of the last named Board of Trustees, amounts, at present, to about $49,000, exclusive of the $27,000 before alluded to.

6. This Committee, in giving account of its proceedings according to the order of the Assembly, and having fully executed the duties with which it was charged, has only to add further, that so great has been the goodness of God towards them in the work upon which they were set, that they have encountered no serious difficulty, or even delay; but found the greatest readiness of mind, and the fullest providential preparation of all things, to accomplish the wishes and purposes of the Assembly.

R. J. Breckinridge, *Chairman of the Committee.*

AGREEMENT BETWEEN THE SYNOD OF KENTUCKY AND THE GENERAL ASSEMBLY.

Extracts from the Minutes of the Synod of Kentucky, in session at Danville, October 12, 1853.

The joint Committee on behalf of the Synod of Kentucky and the General Assembly, then presented their report, which was received, approved, and is as follows, viz:

The joint Committee of the Synod of Kentucky and the General Assembly of the Presbyterian Church of the United States of America, to arrange the terms and conditions on which the General Assembly can use and enjoy, on its own behalf, and for the purposes of the Theological Seminary, under the care of the Assembly, lately established at Danville, the charters, franchises, funds and benefits of whatever kind, held and enjoyed by said Synod, under the laws of the Commonwealth of Kentucky, or by the Trustees of Centre College of Kentucky, which college is under the care and patronage of said Synod, or by the Trustees of the Theological Fund of said Synod, have agreed and covenant as follows, viz:

1. The inducement on the part of the Synod to all its covenants, stipulations, and acts in the premises is, that the General Assembly, on its part, will in good faith establish, endow, and control a Theological Seminary of the first class, in the town of Danville, in Kentucky, or in its immediate neighbourhood, and one great part of the inducement on the part of the General Assembly to select Danville as the place for the establishment of the new Seminary, was the pledge made on its behalf, that many and important facilities could be offered to the new Institution by means of the charters, franchises, and funds, held by said Synod, or for its use and benefit, and that the sum of $60,000 would be provided by said Synod, or within its bounds, towards the endowment of said Seminary.

2. The Synod ratifies and confirms the agreement entered into on the 20th of June, 1853, between the Committee of the General Assembly and a Committee of the Board of Trustees of Centre College, and all the parts thereof, which agreement was subsequently ratified by the said Board of Trustees, and which said agreement is appended to this agreement, and is made, in its terms, a part hereof; the Synod of Kentucky placing the Theological Seminary, established by the General Assembly at Danville, with reference to all the Theological funds held and which may be hereafter held by the Board of Trustees of Centre College for the use of theological education, collected by or under the authority of said Synod, and with reference to the charters and franchises of said College, precisely on the same footing as if the said Synod had established the said Seminary, and transferring to the said General Assembly the exclusive right to appoint Theological Professors, so far as it is held under the charter of said College by said Synod.

3. The Synod agrees that the whole amount of funds, now held by the Trustees of the Synodical fund and all subsequent additions to that fund, shall be held for the use and benefit of the new Theological Seminary, established by the General Assembly at Danville; and it directs the Trustees of the fund to collect all the debts due to them, and to secure all the subscriptions and payments made to them, and to invest, according to their best discretion, all the capital now and hereafter in their hands, in such safe, productive, and permanent manner as may seem best to them, from time to time, and to pay over the whole income of all such funds half yearly, for the benefit of said Seminary, in the manner hereinafter agreed on and directed.

4. The Trustees of Centre College of Kentucky shall liquidate and settle the theological fund, heretofore and now in their hands, on the 1st day of January, 1854, and thereafter consider and treat as capital whatever amount may be in their hands, and all the interest and income of that fund accruing thereafter shall be paid half yearly, according to the directions of the General Assembly, for the support of said Seminary, as the said interest and income may accrue. And as additional funds are collected by said Trustees, they shall be added to the capital of said Theological fund, reserving, however, so much as may be needful, in addition to the income of all the funds belonging to said Synod and said new Seminary, to pay the salaries of the Professors therein, and to pay the necessary current expenses of said Seminary. And the Trustees of the Theological fund of the Synod shall liquidate the funds in their hands, on the said 1st day of January, 1854, and shall thenceforth consider and treat as capital the whole amount in their hands at that time, and shall consider and treat as capital all new subscriptions and payments hereafter made to them. But the interest accruing on all the funds in their hands, after said 1st day of January, 1854, shall be paid half yearly, according to the directions of the General Assembly, for the support of said Seminary at Danville. And any funds that may

be received by them, after said first of January, 1854, which is interest on unpaid subscriptions, and not the principal of said subscriptions, shall be considered and used as income, and not as capital.

5. The Synod of Kentucky accepts the obligations involved in the overtures laid before the last General Assembly, by the Commissioners in that body, from the Presbyteries in the bounds of this Synod, and will, with God's aid, perform them all, relying on the good faith of the whole Church, to perform on its part, the corresponding obligations resting on it.

AGREEMENT BETWEEN THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH AND THE TRUSTEES OF CENTRE COLLEGE.

Report of a Committee of the Board of Trustees of Centre College and of the General Assembly, adopted June 30th, 1853.

The undersigned, acting as a Joint Committee, one portion of whose members has been appointed by the General Assembly of the Presbyterian Church in the United States of America, and the other portion appointed by the Board of Trustees of the Centre College of Kentucky, after mutual conference, agree upon the following particulars, as embracing the matters requiring to be settled for the benefit of the Theological Seminary established in Danville by the said Assembly:

1. It is agreed, that said Board of Trustees will hold and manage whatever funds, bonds, stocks, or moneys may be placed in their hands, for the benefit of said Theological Seminary, faithfully for the uses thereof, according to the terms of the charter of said College, and the several amendments thereto, and according to the wishes of said General Assembly, from time to time, legally made known, either by the direct action of said Assembly, or by any authorized Committee, Board of Directors, or Board of Trustees thereof.

2. The present fund, held by said Board of Trustees, called the Theological Fund, and all additions that may hereafter be made to that particular fund, shall be held and managed according to the terms or the intent of the foregoing resolution—the said fund, described in this section, having been contributed and paid under the procurement of the Synod of Kentucky.

3. The public buildings belonging to the said College, in the town of Danville, shall be subject to the use of said Theological Seminary, until proper buildings for said Seminary can be erected, under the general superintendence of the Faculty of said College, so far as may be practicable, without interfering with the interests of the College itself, or the comfort of the teachers and students thereof; and the Professors and pupils of both institutions shall be entitled to use the libraries of both of them, on terms of mutual accommodation; and any of the pupils of said Theological Seminary who may desire to do so, shall be allowed to attend upon any of the regular classes and instructions of said College, so far as the public accommodations of said College will permit, free of all charge for instruction during the time of their actual connection with said Seminary.

4. The inducement, on the part of the said Board of Trustees to enter into this agreement, is the confident expectation that the General Assembly aforesaid will go on in good faith to endow and sustain a Theological Seminary of the first class, in the said town of Danville or its immediate vicinity.

5. This agreement is to be of force as soon as it is ratified by said Board of Trustees, and thenceforward till the Synod of Kentucky shall either ratify or reject it. If ratified by said Synod, it shall thenceforward continue in force till the General Assembly aforesaid shall either ratify or reject it. If said Assembly shall ratify it, it shall thenceforward be of perpetual obligation, subject to alterations by the mutual agreement of the said General Assembly and the said Board of Trustees of the Centre College of Kentucky.

6. The Committee, on behalf of said College, is to seek the ratification hereof by said Board of Trustees, and both Committees are to seek the ratification of it by the said Synod and the General Assembly. So that the whole matter, if approved by those bodies respectively, may be finally accomplished with the least practicable delay.

Section 7th.—That the said Corporation and their successors shall have power and authority to manage and dispose of all monies, goods, chattels, lands, tenements, and hereditaments, and other estate whatsoever, committed to their care and trust by the said General Assembly, and in such cases where special instructions for the management and disposal thereof shall be given by the said General Assembly, in writing, under the hand of their clerk. It shall be the duty of said Corporation to act according to such instructions, provided, the said instruction shall not be repugnant to the Constitution of the United States, or to the Constitution and laws of this State, or to this Act.

And said Corporation shall and may, as often as they shall see proper, according to their rules and by-laws, choose out of their number a President, and Vice-President, and Secretary; and shall have power to appoint a Treasurer and such other officers and agents as shall by the said Corporation be deemed necessary; to which officers and agents the said Corporation may assign such duties to be performed by them, and award such compensation for their services, and fix the tenure of their office in such way and manner as the said Corporation shall direct.

Section 10th.—That the members of the Board of Trustees of this Corporation, before acting as such, shall each make and sign a declaration that each of them will truly and faithfully, to the best of his ability and skill, exercise the office and perform the duties of trustees, under this Act and the by-laws of this Corporation; and in case of the refusal or neglect of any member of the Board of Trustees to make and sign such declaration and perform the duties of Trustee aforesaid, for more than one year, or decline the same, the Board of Trustees shall have power and authority to declare the said office of Trustee vacant, and fill the vacancy by appointment of some fit and proper person to said vacancy, who shall hold the same and remain in office until such vacancy shall be filled by the General Assembly of the Presbyterian Church, under the provisions of this Act.

Section 11th.—That said Corporation shall keep regular and fair entries of their proceedings, and a just account of their receipts and disbursements, in a book or books to be provided for that purpose, and shall, once in a year, exhibit to the General Assembly of

the Presbyterian Church in the United States of America, an exact statement of the accounts and funds of said Corporation.

Section 12th.—That the Board of Trustees appointed by this Act, and their successors, shall have no power to exercise any authority touching the course of instruction and study in said Theological Seminary, or the appointment of professors or teachers in said Seminary; their compensation, their tenure of office, and the course of study in said Institution, shall remain under the exclusive power and control of the General Assembly of the Presbyterian Church in the United States of America, and of such person and persons as shall be appointed by the said General Assembly from time to time, and the said Corporation shall provide out of the estate, funds, or income thereof, in their keeping, control, and management, for the payments from time to time of such salaries and compensations of professors and other teachers and officers of said Seminary as shall be allowed, directed, and established by said General Assembly at any of its annual meetings.

Section 13th.—That the Board of Trustees appointed by this Act of Incorporation, and their successors, shall have power and authority to purchase ground, erect buildings for the use of said Seminary, and provide libraries and the accommodations, out of, or by means of any funds or estate in their hands, not necessary to the annual support of the said Seminary, or out of any money or estate collected or received by them from time to time, for those especial objects and purposes.

Section 14th.—That the said Corporation may take, receive, purchase, possess, and and enjoy messuages, lands, tenements, rents, annuities, and other hereditaments, real and personal estate of any amount, provided, that the same do not yield a net annual income exceeding the sum of twenty thousand dollars.

Section 15th.—Be it further enacted, that the General Assembly shall have power to alter, modify, or repeal this Act at any time.

FIRST ANNUAL REPORT OF THE BOARD OF DIRECTORS OF THE THEOLOGICAL SEMINARY AT DANVILLE, KENTUCKY.

The Directors of the Theological Seminary at Danville, Kentucky, respectfully present to the General Assembly their first Annual Report, as follows:

Pursuant to the order of the last General Assembly, the Board of Directors convened in Danville, Kentucky, on the first day of September, 1853. The Board was organized by the appointment of the usual officers. Letters were received from the brethren who were appointed to the several Professorships by the Assembly. The Rev. R. J. Breckinridge, and the Rev. E. P. Humphrey, signified their readiness to accept, and the Rev. P. D. Gurley, and the Rev. B. M. Palmer, their purpose to decline their several appointments. On the 13th day of October following, the two first named brethren were inaugurated in the usual form, to the Professorships assigned them by the Assembly.

For the vacant department of Oriental and Biblical Literature, the Directors made

such arrangements as secured the service, for the year, of the Rev. Joseph G. Reasor, of the Presbytery of New Lisbon, Ohio, who has discharged his duties to the entire satisfaction of the Board. At the recommendation of the Professors, the Board have continued this appointment until the further order of the Board or of the General Assembly, affixing thereto the compensation of $1,000 per annum.

The vacant department of Church Government, Pastoral Theology and the Composition and Delivery of Sermons, has been supplied by the incumbent Professors, so that a full course of instruction, in all the departments, has been given, so far as practicable, in a single session.

During the year twenty-four students have matriculated, viz:

Robert V. Moore, Resident Licentiate from the Cincinnati Theological Seminary.
J. J. Wheat, from Princeton Theological Seminary.
John N. Young, do. do. do.
William W. Duncan, from New Albany Theological Seminary.
David R. Todd, from Cincinnati do. do.
John Hunter, graduate of Centre College,
Samuel McKee, do. do. do.
Chas. W. Price, do. do. do.
J. C. Randolph, do. do. do.
O. T. Rogers, do. do. do.
S. De Soto, do. do. do.
S. H. Stevenson, do. do. do.
William P. Lemaster, from Hanover College.
James McKee, do. do. do.
Daniel P. Young, do. do. do.
W. Harrison Honnell, from Miami University.
Joseph H. Marshall, do. do. do.
W. S. Doak, from Tusculum College.
George Frazer, from Jefferson College.
Joseph L. Hendrich, from Montgomery Masonic College.
G. M. Miller, from Muskingum College.
W. R. Milsaps, from Ia. Asbury University.
James W. Bulloch, from Richland Academy, Kentucky.
John L. Smith, from Danville, Kentucky.

Besides these, a few other candidates for the Ministry have been permitted to take particular portions of the course, without matriculation.

As to the method of instruction adopted in the Seminary, the Faculty report to the Directors that the word of God is made the most prominent text-book in every department; the object being to enable the pupils to ascertain what is revealed in the Bible, and to make them as familiar as possible with its contents. With the Professor of Didactic Theology, the class has read select portions of the Gospels and Epistles in the original text. With the Professor of Church History, they have read in the Greek text the larger part of the Acts of the Apostles, and the historical portion of the Epistles; and with the Teacher of Biblical Literature, portions of the historical, poetical, prophetical and doctrinal Scriptures, in the original text of both the Old and New Testaments. In all the instructions given in the Seminary, the Scriptures have held the central point.

The Faculty further state, that with one partial exception, connected with a single study, there has been no division of the students into classes, but all of them have been taught together as one class, as in all schools of the other learned professions. Every student attends every Professor at every public exercise; the only exception being, that in the Hebrew language they have been divided from necessity, into two sections. By this arrangement, not only is every student brought under the instruction of every Professor, from the beginning to the end of his course, but the students who are commencing their course are brought into daily association and contact with those who are advanced in their professional study. The plan affects fundamentally, and as the Faculty believe, every way beneficially, the method of teaching, the course of studies, the question of text-books, and the general character of the Institution itself, as a place of the professional education of candidates for the Ministry.

The Board take pleasure in stating to the General Assembly, that the Professors have laboriously and faithfully discharged their duties in their respective departments, and have also afforded instruction in the vacant Chairs, with great ability and acceptance. The Board feel it due to the Professors, to state that they have given entire satisfaction to all concerned.

A number of the Directors attended the examination of the students which has just occurred, and are not only gratified at the evidence furnished by this examination of the truth of all which we have stated above, as to the ability and faithfulness of the Professors, but they feel constrained to express their gratitude to the great Head of the Church, for the unparalleled success which has thus far, by his gracious blessing, attended our new institution.

The Faculty report the deportment of the students to have been, without exception, exemplary; and they have given profitable attention, not only to study, but to the means instituted in the Seminary for spiritual improvement. They have prosecuted extensive inquiries into the subject of missions, Foreign and Domestic, and some of them have already consecrated themselves to the work of Foreign Missions.

The citizens of Danville have, by their kindness and hospitality, contributed greatly to the comfort of both the Faculty and their pupils.

Mr. William W. Duncan of Missouri, and Mr. W. S. Doak of Tennessee, have completed the prescribed course of study, and have been licensed to preach the gospel, by the Presbyteries to which they belong.

The brethren who were elected by the last Assembly, one as Professor of Oriental and Biblical Literature, and the other as Professor of Church Government, Pastoral Theology, and the Composition and Delivery of Sermons, having declined their appointments, it appertains to the present General Assembly to supply instruction in those departments.

The Board acknowledges the donation to the Seminary of books for the Library, some of them of great value, from the Rev. Dr. Van Rensselaer, Rev. B. M. Hobson, Rev. J. R. Lyle, Rev. R. V. Moore, Dr. W. L. Dutton, and Mr. A. Davidson, and from the Board of Publication a full set of their books. The Board has not yet been able to obtain the books and funds which were tendered to the last General Assembly, for the use of this institution, by the Board of Directors of the Cincinnati Theological Seminary.

The endowment of the Seminary has proceeded during the year with energy and success; though as yet the efforts made have been confined entirely to the State of Kentucky. There will no doubt be laid before the Assembly, a report from the Board of Trustees of the Seminary, lately chartered by the Legislature of Kentucky, and other reports from the several Committees upon the Seminary appointed by the Assembly last year, to which this Board refers the Assembly for complete information on this important point. It is, however, most gratifying to observe, with what earnestness and liberality our brethren in Kentucky have addressed themselves to the great work of building up this important institution, and how promptly and fully they have redeemed every pledge made to the last General Assembly in their name. There can be no doubt of the duty of the whole Church to come to the aid of these brethren, in a spirit corresponding at once to the Christian liberality they have manifested, and to the pledges and undertakings of the Assembly of 1853. Nor do we allow ourselves to doubt that it will be done. Certainly this Board will feel it to be one of its highest obligations to exercise all the powers vested in it by the Assembly, in the execution of that great object, as the Board of the whole Church, striving to found and manage an institution belonging in the fullest sense to the Church.

The 20th day of September, 1854, is the time fixed for opening the next session.

The Board have only further to report, that the term of office of the following Directors expires during the session of this Assembly.

MEMORIAL OF THE MINISTERS IN WASHINGTON, GEORGETOWN, AND ALEXANDRIA.

To the General Assembly of the Presbyterian Church of the United States:

The undersigned memorialists, ministers in Washington City, Georgetown, and Alexandria, respectfully represent:

That, in their belief, the interests of Christianity require a speedy completion of the Metropolitan Church recommended by several preceding General Assemblies.

The City of Washington has constantly a floating population, unusually large in proportion to the resident inhabitants. It includes our rulers, on whom the public destinies of the nation depend. These, with many others, attracted by business or pleasure, constitute a numerous and important class, strongly affecting our moral atmosphere, and yet not interested to sustain our local institutions. Could the veil be withdrawn from around them, it would be seen how many are on the edge of a precipice, led by those who aim at selfish ends. Removed for months together from the protection of *home influences*, they are a conspicuous mark for evil agencies gathered from the whole country. Whatever this Republic can supply for moral injury, comes to us intensely concentrated under the threefold pressure of ambition, avarice, and worldly dissipation.

So far as the poison takes effect, it is on the heart's blood of the nation. It is on persons whose social or political standing makes their example, both here and at home, of very serious moment. Thus the religious and moral interests of our city are eminently national, and justly claim national sympathy and support.

The people of Christ, in Washington, are much less wealthy than an equal number of equally intelligent Christians in other flourishing cities. Many of them live on limited salaries. Exposed to risk of removal from office, those whom we call resident, often regard this city rather as a transient, uncertain abode, than as their home. It is neither possible nor natural for them to erect churches for visitors. But one church in our connection here has strength for efficient self-support; the other two ought rather to receive than give assistance. Yet, in our weakness, under an imperative sense of the call for more churches, we wish to establish two, additional to the Metropolitan, in destitute parts of our city. This, with the support of existing churches, is more than enough to exhaust our ability.

Great as is the need of providing for so many, and such, strangers, and unable as we are to make this provision, the project of the Metropolitan Church came to us from abroad. We appreciate the kindness of the movement, but it will be for our deep injury if not efficiently executed. It was a step which, once taken, can never safely be delayed. Our character is largely at stake. It is now to be seen whether, in this capital, we represent a Church hasty in resolving, feeble in action, or one which wisely counts the cost and unflinchingly executes its plans.

Our whole Church is on trial, in this regard, before the country; but we in Washington must bear the heaviest evil from delay. Others act with great success, whilst we move slowly. Our Methodist brethren formed a similar plan, after ours. Many of their ministers made and redeemed pledges to raise certain sums, and thus, we understand, have secured $30,000 out of $50,000 needed.

A good lot has been obtained, well situated for strangers, and also for a local congregation. Many of our communion worship with others from want of such a church in that vicinity.

Every one of us regards the interests of our churches in this city as involved in the speedy completion of this scheme. Confiding in the guidance of our Divine Saviour, we can see a safe and practicable action which will make the enterprise a great aid to our entire cause in Washington.

We, therefore, ask that you will adopt whatever measures may best lead to the speedy completion of the Metropolitan Church.

THE PRESBYTERY OF BALTIMORE TO THE GENERAL ASSEMBLY.

The Presbytery of Baltimore respectfully ask leave to lay before the General Assembly the following statement of their views in reference to the erection of a new church building in the city of Washington.

This subject has been so long before the Assembly and the Church, that the Presbytery do not feel it to be necessary to say anything as to the circumstances which gave origin to the enterprise; but they have reason to believe that serious misapprehensions have existed, and do exist, in regard to the animus of the movement. It has been suggested by some, that it was merely a Church Extension scheme for the city of Washington; that the Presbyterian people of that place were anxious to have a church which would give them greater prominence alike before the permanent and the floating population, but were unwilling to contribute the amount of money required for the purpose, and therefore appealed to the *esprit du corps* of the Church at large. These apprehensions are without foundation. It is not denied, but on the contrary urged, in the appeals heretofore made by this Presbytery and its representatives to the Assembly, that the interests of the cause in that city demand the erection of such a building; but it is not true that the people are unwilling to contribute according to their ability, or that the advantages of a new church, such as the one proposed, would accrue exclusively to themselves. It is well known that a very large proportion of the people of Washington live on stated salaries, on incomes which do not rise and fall with the fluctuations of the market; that these salaries are not only fixed, but small, and, consequently, that in the majority of instances, they furnish a bare support, leaving no surplus to be devoted to an enterprise like this. They who know the Presbyterian people of that city, and what they have done towards extending the denomination within their own borders in the last two or three years, know that their backwardness in this business has not been the result of a want of will. The same considerations go to show that the advantages of the proposed church would not belong exclusively to themselves. The very fact that the population is, to so large an extent, fluctuating, is proof of the importance of the enterprise. The minister of Jesus Christ in that city, though *settled* over a particular congregation, really, in some sort, exercises an *itinerant ministry;* he is stationary, but his congregation is itinerant; so that all the churches in the country have an interest in this matter. We say nothing as to the probable influence of a strong spiritual church, under a faithful and able ministry, upon the different branches of the Government.

Again, it has been suggested that the Presbyterian people of Washington did not want another church at all, even if the Church at large were willing to build it; and that the friends of the enterprise had, without sufficient reason, encroached upon a sphere which did not belong to them. In regard to this, the Presbytery take pleasure in stating that the ministers, elders, and people in the District of Columbia (as will appear from their own statement addressed to the Assembly,) are all united as one man in this cause; and if their ability were equal to their zeal, the Assembly would only be asked to rejoice with them over the completion of the work.

It may also be added, that it is not the intention of the friends of the enterprise to make this church a theatre for the display of the abilities of the great men in the denomination, or a "tabernacle," in which strangers only, or chiefly, are expected to worship, as some brethren seem to fear. It is to be a regularly organized, self sustaining church, upon the same general plan with the other churches of the city, with greater and more careful provision for the accommodation of transient persons.

So much the Presbytery deem it necessary to say, in bringing this subject again to the notice of your venerable body, and in once more invoking your approbation and the exercise of your great interest in its behalf. Your first action in the premises, at your sessions in Richmond in 1847, gave an impetus to other denominations, and the brethren of the Methodist Episcopal Conference are actually building their house. The Presbytery are assured that the hinderances in the way of a warm and general interest in the enterprise are not insuperable; that they arise, for the most part, from misconception and mistake; and with this assurance, they throw themselves and this cause, with confidence, once more upan the candid consideration of their brethren.

By order of the Presbytery.

R. C. Galbraith, *Stated Clerk of Baltimore Presbytery.*

REPORT OF THE CHURCH EXTENSION COMMITTEE OF THE CITY OF WASHINGTON.

The Church Extension Committee of the City of Washington beg leave to make the following report to the General Assembly of the Presbyterian Church:

At its sessions in Charleston the General Assembly adopted the following minute:

"*Whereas*, it is very important to the interests of our whole Church in this land that our doctrine and order be well and respectably maintained at the Seat of Government, and that our cause there keep pace with the growing population of the Metropolis, and

Whereas, on the account of the absence of local wealth, the fluctuating character of a large portion of its population, the consequent want of the usual local incentives to Christian enterprise, and other obstacles peculiar to the Capital of our elective Republic, it cannot be expected that funds adequate to the erection of suitable churches can be procured in that city, therefore

Resolved, 1st. That it be recommended to the Presbytery of Baltimore to appoint suitable persons resident in the District of Columbia to act as a Committee of Church Extension for the City of Washington.

2*d*. That it be hereby recommended to all the pastors and churches in connection with the Assembly to take up a collection in aid of this object on some Sabbath in the month of October next, and transmit the same to the Treasurer of the Church Extension fund, to be paid over by him to those appointed by the Presbytery of Baltimore to take charge of this enterprise, so soon as the work shall have been begun."

Your Committee, appointed in accordance with the former of these resolutions, directed its first efforts to preparing the churches for the October collection. Accordingly they published in the *Presbyterian*, and other newspapers, the recommendation of the Assembly, together with a full statement of the grounds on which they held its observance to be in the highest degree important. They also published in the form of a circular a more succinct statement to the same effect, which was sent to the pastors and vacant churches of our denomination throughout the Union, with the request that it should be read from the pulpits. A letter was also addressed to the Stated Clerk of each of the Presbyteries, asking him to call the attetion of the Presbytery to the subject at its autumnal meeting. Finally, an urgent request was transmitted to some one minister of influence in every Synod, begging him to secure, if possible, due attention to this matter in his own region of country.

Notwithstanding all this, collections were made in but a small number of churches, and amounted altogether only to about twenty-three hundred dollars, ($2300.) Convinced that there existed at this stage of proceedings very valid objections to the employment of a salaried agent, the Committee requested two of their own body to visit the cities of New York and Philadelphia, in behalf of the enterprise. The request was acceded to, and resulted in securing some six thousand five hundred dollars, ($6500,) in addition to what had been already raised through the more spontaneous action of the churches.

Such were our circumstances at the meeting of the last General Assembly. In the discussion of the subject before that body, far the greater number of speakers advocated with warmth the prosecution of the work to its accomplishment. More than once it was intimated, that had the views of the Committee been more enlarged, had they looked forward to the erection of a more costly and imposing edifice, less difficulty would have been found in raising the necessary funds. By a very large vote the Assembly renewed its expression of approbation, and its recommendation of the work to the liberality of the churches. It also directed the Committee "to appoint a suitable agent or agents forthwith to raise a sum not less than fifty thousand dollars for the erection of such a house of worship." It was likewise resolved, "that the Committee be requested to purchase the most eligible site for a church to be found in the City of Washington, as soon as in their judgment it be expedient." Acting upon the last of these resolutions, your Committee have, with great care, and after frequent conferences and examinations of the ground, agreed upon a site, (with a house upon it renting for $500,) which has been secured at a cost of nearly twenty-seven thousand dollars, ($27,000.) Well situated with respect to the principal hotels and public buildings, beautiful, elevated and commodious, it may be safely declared to combine greater advantages than any other lot in the whole city.

With respect to the collection of funds, far less has been done since the meeting of Assembly than your Committee had hoped to effect. Feeling the importance of securing for the agency the services of a tried and efficient man, soon after the rising of the Assembly we made application to the Rev. Thomas P. Hunt. That gentleman informed us that as

soon as an engagement with the Trustees of Lafayette College should be terminated, he would be ready to enter upon the proposed work. The West, from which we had received many flattering assurances of interest, was assigned to Mr. Hunt as his field of operations. Various hinderances prevented him from entering on his agency until about the commencement of winter. At last accounts he had collected ———, and with the aid of several brethren, whose assistance as voluntary agents he had secured, he had made arrangements to revisit and present his cause in some cities, which, on first visiting them, he had not found prepared to do anything.

The Rev. Mr. Major was employed for some months in visiting the churches of Huntingdon and Carlisle Presbyteries. His reception, however, was not as cordial as might have been hoped, and his collections were small.

In the course of the past winter, one of the members of our body visited New York, but not finding the churches of that city then prepared to make such contributions as he deemed essential to the success of the enterprise, he declined to present the object.

Another member of the Committee is now engaged in prosecuting the work in Baltimore.

The whole contributions made thus far to this object, amount, as nearly as we can ascertain, to about fifteen thousand dollars, ($15,000,) including collections taken up in some sixty of our Presbyteries, and largely upwards of one hundred of our churches, some of them among the feeblest and most distant of our body. The whole cost of the proposed edifice, with the lot already secured, cannot fall much, if at all, short of sixty thousand dollars, (60,000).

In these circumstances your Committee would respectfully urge upon the Assembly the adoption of some measures through which, if possible, the completion of this important work may be effected.

THE CONTINGENT FUND.

There is still a necessity for calling the particular attention of the Churches and Presbyteries to this Fund. The expenses for which it provides are indispensable, not only to the vigorous working, but to the maintenance of our ecclesiastical organism. And in this certainly every church, and every member of the church, will feel an interest.

TO THE STATED CLERKS OF SYNODS.

It is the duty of the Stated Clerks of the respective Synods to send up to the Stated Clerk of the General Assembly an annual report, stating, in brief, the number of Presbyteries, ministers, churches, licentiates, and candidates, within their bounds, and particularly all changes which may have been made in the arrangement of Presbyteries. By the Assembly of 1841, (see p. 425,) it has been made their duty also to transmit to the Stated Clerk of the Assembly the time and place of meetings of their respective Synods.

THE STATED CLERKS OF PRESBYTERIES

Are earnestly requested,

1. To make their Annual Reports to the Assembly, if they have no printed blanks, after the form on page 238 of these Minutes. Blanks can always be obtained on application to the Stated Clerk.

2. To make their Reports in fair, distinct writing, especially the columns of figures.

3. To make them as accurate and full as possible. If, in any instance, churches do not report to Presbyteries, it is desirable that their number of communicants should be inserted from their last report.

4. To report *no cents*. The Assembly has so ordered. If therefore they are reported, the Stated Clerk of the Assembly is obliged to throw them out altogether, or to incorporate them with the dollars. This costs him a serious amount of labour, to which he ought not to be subjected.

5. To *add up* each column of figures with care. Many still neglect this, and thus oblige the Clerk of the Assembly to do what they should do themselves.

6. To append to the statistics of Presbyteries a brief account of changes which have occurred during the year, such as the *number* of licensures, ordinations, installations, dismissions of pastors, organization of new churches, and the names of ministers deceased.

7. To transmit their Reports to the Stated Clerk, either at the meeting of the Assembly, or to Philadelphia, not later than the first day of June.

REGULATION RESPECTING THE MINUTES.

Adopted by the Assemblies of 1836 *and* 1837, *and directed to be republished in the Appendix to the Minutes.*

"Each Presbytery shall forward to the Treasurer, for the *Contingent Fund* of the Assembly, at or before the meeting of the Assembly in each year, a sum equal to *fifty cents* for each member of the Presbytery, and for any licentiate or other person who shall desire the Minutes, and whose post-office address shall be given. And the Stated Clerk shall not forward the Minutes to the members of any Presbytery from which no such remittance shall be made, but only to the Stated Clerk of such Presbytery, and to such members as shall forward the sum above stated.

FORM OF PRESBYTERIAL REPORT TO THE GENERAL ASSEMBLY.
